

HOW DO I REGISTER FOR CLASSES?

Hybrid Courses, Fall 2011 (Continued)

Go to: <http://myecc.essex.edu>

1. Enter your User Name and Password (Web Services PIN) and click "Login."
2. Click on the "Web Services" tab.
3. Click on "Student Services & Financial Aid."
4. Click on "Registration."
5. Click on "Register Add/Drop Classes."
6. Use the pull down menu to select a term, then click "Submit Term."
7. Scroll down to Add Class section and enter the Course Reference Number (CRN) in the "Add Class" table.
8. Click "Submit Changes."
9. To look up more classes to add, click "Class Search" and repeat the steps above.
10. When you are finished adding classes, scroll down and click "Fee Assessment," and "PRINT" your bill.

To print your schedule, click Student Detail Schedule or Student Schedule by Day & Time, and PRINT (landscape) your class schedule.

Changing Lives....Building Futures

WHAT IS A HYBRID COURSE?

A hybrid course combines face-to-face classroom instruction with online learning. The course is structured in such a way that students will be doing a significant amount of course activity online and spending less time in a classroom. Traditional face-to-face instruction is reduced but not eliminated. *Hybrid courses at ECC go by the designation "DE" in the course schedule at the main campus & "DW" at the West Essex campus.*

WHAT ARE THE BENEFITS OF TAKING HYBRID COURSES?

- **CONVENIENCE:** You can work part of the time online from home when you are not busy at a job or taking care of your family. Also, think of the money you will save on gas when you have fewer face to face in-class sessions.
- **UP TO DATE RESOURCES:** You will have access to up-to-date resources via the web.
- **OPPORTUNITIES FOR MORE DISCUSSIONS:** You can discuss your course with your instructor and classmates both face-to-face as well as online.
- **24/7 ACCESS TO ONLINE MATERIALS.**
- **WILL GAIN SKILLS IN THE USE OF INTERNET & COMPUTER TECHNOLOGY:** These skills are increasingly necessary in a work environment and are often critical for achieving your career goals.
- **WILL STRENGTHEN INDEPENDENT LEARNING ABILITIES:** Students in hybrid classes often develop or enhance skills in time management, critical thinking, and problem-solving.

WHAT TO EXPECT IN HYBRID COURSES

On-campus classes are on set days & time.

Expect to interact with the course content, instructor & students in a variety of ways.

While online course materials and learning activities vary from class to class, typical web-based activities include: **online discussions, small group work, games, simulations, self testing exercises, audio- or video lectures, and tutorials.**

Students choose when and where to complete online assignments, discussion, and exams, but within specific deadlines set by the instructor.
