ESSEX COUNTY COLLEGE

FACT BOOK & OUTCOMES

OFFICE OF INSTITUTIONAL RESEARCH

Summary Observations 2011

The 2010 – 2011 *Fact Book & Outcomes* presents important statistics regarding enrollment, retention and graduation. It contains 58 pages of important facts and 36 pages of outcomes data. The tables in this book are designed to be copied for use for grant applications, program evaluations, internal reports, etc. All graphs and tables are available electronically. The data in this report reflect only the credit granting programs of the college. **Highlights** pertaining to enrollment, retention, and graduation are below.

Highlights regarding enrollment:

Total enrollment at Essex County College continues to increase. In **Fall 2010** 13,424 students attended Essex. This slight increase of 110 students represents a 0.8% increase over Fall 2009 enrollment (using October 15th census date). This increase reflects the statewide enrollment trend noticed in Fall 2010. That is, 11 of the 19 community colleges experienced 1% or less growth from Fall 2009 to Fall 2010. During the Fall 2010 a total of 3,829 students were new students down from 4,213 new Fall 2009 students, a drop of 9%. The number of returning students increased from 9,101 to 9,595, an increase of 5.4%. With regard to enrollment status, 61% were enrolled full-time, up 2% from last Fall. Enrollment at the West Essex Campus increased to 2,295, an increase of 9.1%. Enrollment at FOCUS and Ironbound decreased slightly (by 10 students and 13 students respectively). Summer I enrollment decrease 9.6% from Summer I, 2010 (4,108) to Summer I, 2011 (3,711). Summer II enrollment overall remained stable; however, West Essex had a 19.7% decrease in enrollment from Summer II, 2010 to Summer II, 2011.

So how many individual credit students does the college actually serve each year? The unduplicated count for 2010-2011 is 17,416; for 2009-2010 is 18,087; for 2008 – 2009 is 16,465; for 2007 – 2008 is 14,867; for 2006-2007 is 15,041 students; for 2005-2006, is 14,216 students; for 2004-2005, 14,269 students. There was a decrease of 671 students (3.7%) from 2009-2010 to 2010-2011.

The table on age and ethnicity trends from Fall 2001 to Fall 2010 may be found on page 54. Noteworthy is the change in percentage of students in the 17 to 22 age category by campus. It appears that on the Main Campus those in the 17 to 22 age group peaked at 57% in Fall 2008 and decreased to 49% in Fall 2009 and Fall 2010. The percentage of students in the 17 to 22 age group at West Essex has not change significantly over the past ten years. The table also reports change in ethnicity for all students over a ten year period. With the exception of students who described themselves as Hispanics, the percent of students who describe themselves as White, Black/African American or Asian has remained relatively constant. Those students describing themselves as Hispanic increased 7% since Fall 2001.

Highlights regarding retention:

The Fall to Spring (one semester for first-time, full-time degree seeking students) has been consistently around 75%. The Fall to Fall retention for Fall 2008 and Fall 2009 cohorts is 53.7% and 53.5% respectively. This remains lower than the rate of many of the best-practice colleges where 65% Fall to Fall retention is considered very good. The Spring to Fall retention rate is much lower than the Fall to Spring retention rate. However, the retention rate has improved from 45.4% from Spring 2006 to Fall 2006 to 59.5% for those who started in Spring 2009 and returned in Fall 2010.

Highlights regarding graduation:

The college's official IPEDS Graduate Rate Survey three-year graduation rate (for first-time, full-time degree seeking students) has been approximately 5.0% to 6.0% over the last three years. This year our GRS rate for the 2007 cohort is 5.1%. This is down from 5.3% last year. Our four-year graduation rate currently is 13.6% and our five-year rate is 14.1% for the Fall 2006 cohort. Some comparative three-year GRS rates are for Hudson (9%), Union (6%), Passaic (6%), Bergen (14%), Middlesex (15%) and Brookdale (22%).

Summary Observations

In addition to data pertaining to the areas mentioned above (enrollment, retention, and graduation), the purpose of the *Fact Book & Outcomes* is to provide the reader with the college's overall enrollment history separated by demographics as well as a five-year review of enrollment trends by program. Longitudinal outcomes measures including retention and graduation rates are provided for sixteen cohorts (eight all students and eight WEC cohorts). The outcomes section also contains transfer information and our graduates' opinions of their educational experiences at Essex County College. These tables should be duplicated when necessary for other institutional reports and grant requests. Again, please note that all tables are available electronically for easy insertion into other documents.

Chapter 1 contains general institutional data as well as important demographic data pertaining to Essex County and Newark. Chapter 2 reports Fall and Spring enrollment data. Chapter 3 contains various demographic profiles and Chapter 4 reports graduation statistics and outcomes. Cohort tracking information is in Chapter 5 which includes a summary page with retention and graduation data for sixteen cohorts.

New to the *Fact Book & Outcomes* this year is a section on our pre-college initiatives. The college offers different pre-college initiatives serving approximately 900 pre-college students. Also this year we have included the five-year pass rates on licensure tests for our Nursing, Radiologic Technology and Physical Therapy Assistant students.

The purpose of this *Summary Observations* section below is to allow the reader to review the content of this *Fact Book & Outcomes* and locate data quickly. The observations are presented as brief "bullets" of information. Because numerous observations can be made from the data in this report, readers are encouraged to review each table carefully. All tables are meant to be used for reference purposes but are also available for importing to any other college documents.

The following are a few observations. After each observation is the page number(s) that refer to the tables from which the observations are drawn. Note that some observations draw upon more than one table. Also, comments are not made for all tables.

Chapter 1 Institutional Background

- Dr. Edythe M. Abdullah becomes the college's President April 1, 2010 and the college had a formal investiture at the college convocation in August 2011. **(3)**
- The college welcomes new board members Michellene Davis, Elvin Esteves, Gerald Owens, and Rita Sallis. **(5)**
- In 2010 the Hispanic population made up a total of 20.3% of the total Essex County population, an increase of 1% from last year. In Newark, 32% are Hispanic. **(9, 14)**
- 42.2% of Essex County is Black/African American compared to 14.1% in New Jersey. In Newark, 52% are Black or African American. **(9, 14)**.
- Essex County's unemployment rate is 10.5% compared to 9.2% for New Jersey. **(10)**
- In Newark, 45% speak a language other than English at home. Of these, 65% speak Spanish. **(11)**
- The college employs a total of 581 full-time employees. This is up from 515 last year **(an increase of 12.8%)**. **(16)**
- Fiscal year 2011 (unaudited) sources of revenue and application of funds can be found on page **8**.

Chapter 2 Enrollment Information

- In Fall, 2010, the college had an enrollment of 8,186 full-time students and 5,238 part-time students for a total of **13,424** students (using October 15th census date). This is a slight one-year **increase** of 0.8%. With regard to enrollment, Essex is the 4th largest community college in New Jersey. **(18)**
- The West Essex Campus enrollment **increased** 9.1%; FOCUS and Ironbound had a slight **decrease** of 6.8 and 6.5% respectively. **(53)**
- Of the total number of students served in the community college sector (Fall semester – 180,406), 13,424 or 7.4% attend ECC. **(19)**
- Women consistently have made up almost 60% of our student body. **(21)**
- Minorities make up 80% of our student body. **(21)**

- Almost two-thirds of the students are attending full-time (61.0%). The ratio of full-time to part-time has been increasing slowly over the past five years. **(24)**
- Non-matriculated students make up 9.1% of the Fall 2010 student body. **(25)**
- The following (in rank order) are the curriculum majors with the greatest number of total students (top 10 **all students**):

General Science (AS), Liberal Arts (AA), Non-Matriculated, Criminal Justice (AS), Education (AA), Business Administration (AS), Social Sciences (AS), Biology Pre-medicine (AS), Human & Social Services (AAS) and Accounting (AS). **(26)**

- At **West Essex** the following curriculum codes had the highest enrollment:

General Science (AS), Liberal Arts (AA), Non-Matriculated, Education (AA), Business Administration (AS), Criminal Justice (AS), Social Sciences (AS), Biology, Pre-Medicine (AS). **(29)**

- Of the 13,424 Fall 2010 students, 89.8% were from within the county. The following cities account for a majority of our students: **(36)**
 Newark – 5,296; East Orange – 1,318
 Irvington – 1,229; West Orange – 713
 Bloomfield – 712; Orange - 624

With regard to **Spring 2011** statistics the following are noteworthy:

- Spring enrollment was 6,878 full-time students and 4,975 part-time students for a total of 11,853 students (using February 15th reporting date). This is a **decrease** of 766 students or 6.1%. **(41)**
- The new to returning percentage is lower in the Spring than in the Fall (as would be expected). New students in the Spring make up approximately 18% of the student body. In Spring 2011, this dropped to 14.8%. **(40)**
- The number of Spring 2011 non-matriculated students was 1,181 or 10.0%. **(42)**
- Summer enrollment is presented for Summer I and II for 2007, 2008, 2009, 2010 and 2011 by new and returning as well as by all and WEC. Summer I enrollment decrease 9.6% from Summer I, 2010 (4,108) to Summer I, 2011 (3,711). Summer II enrollment overall remained stable, however West Essex had a 19.7% decrease. **(50)**

Chapter 3 Fall 2010 Demographic Profiles

With regard to the freshman profile (Fall 2010) and campus/extension center profiles:

- As in the past, the Main Campus statistics have been separated from the other campuses. On **page 53** complete profiles are presented for the Main Campus, West Essex Campus, FOCUS, Ironbound as well as combined data for ALL Campuses. **(53)**
- In **Fall 2010**, the full-time/part-time percentages at the **Main** campus were 66% FT to 34% PT compared to WEC where it was 35% FT to 65% PT. FOCUS had 74% FT and Ironbound 67% FT. **(53)**
- The percentage of **day** students at the main campus was 77% while at West Essex the percentage of day students was 54%. FOCUS and Ironbound have all evening students. **(53)**
- Women make up the majority of students at all the campuses. At FOCUS they account for 78% of the enrollment; at Ironbound 70%; at the main campus 59%; and at West Essex 56%. **(53)**
- Most **freshmen** were full-time students (74.7%) and 84.4% of the freshmen group attended the main campus. **(55)**
- Eighty (80) percent of the freshmen are minorities and 55.6% are female. **(56)**
- The entering class continues to be young with 57.1% in the 17 to 20 age range and another 8.4% in the 21 to 22 age range. **(57)**
- During Fall 2010 the college enrolled 282 foreign students (F-1 visa) from 61 countries. The countries with the most students attending ECC are Brazil (43), Jamaica (23), Burkina Faso (17), China (13) India (13) and Poland (12) . **(58)**
- A majority of the F-1 visa students are majoring in General Science (52) or Business Administration (56). **(58)**

Chapter 4 Outcomes: Graduation & Transfer Statistics

Chapter 4 includes graduation and transfer statistics as well as the results of the **FY 10 Graduation Survey** (percent responding after two mailings = **20%**). This survey provides the college with opinions of our college graduates regarding academic preparation and student services. These survey results and cohort tracking (Chapter 5) provide basic outcome measures which are important and are presented here to be used for college-wide assessment and planning efforts.

- The number of degrees conferred for FY 2010 was 1045, a record for the college. **(59)**

- The programs with the highest number of graduates are:
 Business Administration, AS (128); Liberal Arts, AA (108); Education, AA (98);
 Social Science, AS (96); Nursing, AAS (69); Accounting ,AS (62); and General
 Science, AS (60). **(60-62)**
- The graduates’ primary objective for attending ECC was: to prepare as a first career (30%), or transfer (29%). Twenty-one percent wanted to prepare for a career change and 12% wanted to improve their job skills. Overall, **63%** of the graduate respondents noted that their **primary objective for attending ECC was career (not transfer) related**. Only 3% were here to pursue a personal interest. **(63)**
- The graduates’ primary objectives were “completely achieved” by 60% of the respondents and “largely achieved” by another 18%. Only 2% indicated that their objective was “not at all” achieved. **(63)**
- This year 66% reported that they had no problems transferring credits. Ten (10) percent reported a problem transferring credit hours and 15% reported difficulty in having our transcript sent. **(64)**
- Seventy-six percent reported 60 or more credits transferred. **(64)**
- Seventy-two percent of the transfer students attended their transfer colleges full-time. **(65)**
- Seventy-eight percent reported ECC’s preparation for their transfer college as “good” or “excellent”. Only 4% reported “fair” or “poor” **(65)**
- Most of the transfer respondents reported they were attending Montclair State University, Rutgers-Newark, or Kean University. **(66)**
- Transfer tracking: The information on page **67** allows one to follow 2,239 Fall 2007 first-time, degree-seeking students and find out what college they were attending **in Spring 2010 three years later**. Of the 2,239 Fall 2007 first-time degree-seeking students, 545 or 24.3%, were still enrolled at ECC in Spring 2010 and 175 students or 7.8% were attending another New Jersey institution. A total of 94 students or 4.2% were attending a college out-of-state in the Spring 2010. Sixty-four (64) percent were not found in any in-state or out-of-state institution. **(67)**
- Graduates were asked to evaluate our college and services: **(68-70)**
 The highest degree of satisfaction (“excellent” + “good”) was again for “Web Services” (80%) and “Quality of Major Course Instruction” (75%). These were followed by “Library/Learning Resources” (74%), “Registration Procedures” (67%), “Tutoring Services” (63%), “Academic Advisement” (62%), “Enrollment Services” (60%), “Financial Aid” (55%), “Student Activities” (54%), “Counseling (53%), “Transfer Counseling” (50%), and “Job Placement Assistance” (27%).

Please note that a more comprehensive evaluation of the Career Resource Center is on page **76**. Using a different methodology and evaluating all their services (not just job placement), the “excellent” + “good” percent is 88%.

- Of the 149 respondents to the employment section, 99 (66%) were employed full-time. 39% were employed before entering ECC and another 20% got their jobs while attending ECC (before graduating). **(72)**
- Sixty-five percent of the respondents reported that their schoolwork was directly or somewhat related to their job. However, 34% reported that their program of study was not related to their job. **(71)**
- Eighty-seven percent of the graduates that were employed indicated that ECC training was useful: extremely useful” (17%), “very useful” (20%), “somewhat useful” (24%) or “useful” (26%). **(73)**
- Of the respondents who were employed, 54% found employment through a friend or relative, 7% through a newspaper advertisement and 2% through the college placement office (3 persons). **(74)**
- The median starting salary was in the \$24,000 - \$26,999 salary range and their “present” salary median was in the \$30,000-\$32,999 salary range. Twenty-six (26) percent (down from 34% last year) report a “present” salary of over \$42,000. **(75)**
- A list of some of our student’s employers can be found on page **76**.

Chapter 5 Outcomes: Cohort Tracking

Cohort retention tracking to graduation continues to provide important information (see pages **77-94**). This tracking file is more accurate and more meaningful than tracking data from the State. This is due to the fact that the college can take out voids, no shows, and total withdrawals from the cohort. The table on page **94** provides a one table summary of retention and graduation from the tracking of nine cohorts for up to twelve semesters.

With regard to **graduation**, two statistics are reported for each cohort. For example, for the Fall 2006 FTFT cohort (see page **77**) the five-year graduation rate is 14.1%. In addition, the tracking of **ALL first-time** Fall 2006 students indicates that 287 of 2,107 students or 13.6% graduated. Including first-time **part-time** students allows the College to evaluate its overall effectiveness in terms of graduation. Three-year graduation rate is improving but remains relatively low. The four year rate for the Fall 2007 FTFT cohort is 13.6% **(79)**. It is important to note that approximately one out of seven FTFT students will graduate in six years.

The following is an example of how to read the cohort tracking tables.

- Fall 2006 to Fall 2007 retention for all first-time, full-time (FTFT) and all first-time, part-time (FTPT) degree-seeking students were 48.6% and 45.3% respectively. This year this cohort was tracked to the Spring of 2011. The retention for **three-years*** for all first-time, full-time was 21.1% and for all first-time, part-time was 24.6%. The

fourth-year retention rate for FTFT was 12.3% and for FTPT 17.0%. The five-year graduation rate for FTFT was 14.1% and the five-year graduation rate for all first-time students (including first-time part-time) was 13.6%. *RETENTION – Three years = return after 6 semesters for a seventh semester. (77)

- Fall 2006 to Fall 2007 retention for **West Essex first-time, full-time** and **West Essex first time, part-time** was 58.4% and 52.4% respectively. This year this cohort was tracked to the Spring of 2011. The retention for **three years** for **West Essex all first-time, full-time** was 26.8% and for **all first-time, part-time** was 33.3%. The **four-year** retention for **West Essex** FTFT was 10.7% and for FTPT 19.0%. The five-year graduation rate for FTFT at West Essex was 20.8% and the five-year graduation rate for all first-time students (including first-time part-time) was 19.9%. (78)
- **Tracking data for Fall 2007 cohorts may be found on pages 79-80.**
- **Tracking data for Fall 2008 cohorts may be found on pages 81-82.**
- **Tracking data for Fall 2009 cohorts may be found on pages 83-84.**
- **Tracking data for Spring 2006 cohorts may be found on pages 85-86.**
- **Tracking data for Spring 2007 cohorts may be found on pages 87-88.**
- **Tracking data for Spring 2008 cohorts may be found on pages 89-90.**
- **Tracking data for Spring 2009 cohorts may be found on pages 91-92.**
- **A summary of tracking data with retention statistics for nine cohorts for twelve semesters plus graduation data may be found on page 94.**

For example: Fall to Fall (see page 94) one-year retention percentages for the Fall 2005 first-time, full-time (FTFT) cohort was 51.2%; 48.6% for the Fall 2006 cohort; 55.2% for the Fall 2007 cohort, 53.7% for the Fall 2008 cohort and 53.5 for the Fall 2009 cohort.. The graduation rate is also presented for each first-time, full-time cohort. The rate varies from 2.4% for the Fall 2009 cohort (two-year rate) to 15.2% for the Fall 2005 cohort (six-year rate). Note that the Spring to Fall retention rate is much lower than the Fall to Spring one semester retention rate. The Fall to Spring retention rate is approximately 76% and the Spring to Fall retention rate is approximately 58%. (94)

- This year we present the passing rate of students in our Allied Health Programs on their licensure test over the past five years. The Radiologic Technology program has the highest percent passing rate followed by Physical Therapy Assistant and Nursing. (93)

CHAPTER 1

INSTITUTIONAL BACKGROUND

KEY DATES

August	1964	Essex County Board of Freeholders appoints committee to study feasibility of establishing a county college.
August	1966	Board of Freeholders formally approves the creation of Essex County College.
November	1966	First Board of Trustees is appointed by Board of Freeholders.
January	1967	Board of Trustees approves first college budget and forms Site Committee to begin search for permanent campus.
May	1967	Robert McCabe is appointed President.
September	1967	Trustees authorize the purchase of a 22-acre site from the Newark Housing Authority for the college's permanent campus.
November	1967	College acquires the former Newark campus of Seton Hall University to serve as its temporary campus. Board of Trustees hires 90 faculty and 100 staff.
September	1968	3,400 students begin classes at temporary campus at 31 Clinton Street in downtown Newark.
January	1969	Dr. Ellis White becomes the college's second President.
May	1970	214 graduates receive degrees and certificates at college's first Commencement.
November	1970	College purchases the 22-acre site from the City of Newark.
May	1971	J. Harry Smith becomes the college's third President.
June	1972	Groundbreaking for permanent Mega-structure campus in Newark.
March	1974	College is accredited by the Middle States Association's Commission on Higher Education.
April	1976	Opening of Mega-structure campus.
September	1976	Dedication of Mega-structure campus.
July	1978	Dr. George Harris becomes the college's fourth President.
January	1979	West Essex Extension Center opens in rented facilities in a former elementary school in West Caldwell.
May	1980	Dr. A Zachary Yamba becomes the college's fifth President.

February	1981	Accreditation is reaffirmed by Middle States Association.
April	1982	Purchase of the 8-acre West Caldwell site.
February	1983	Board of Freeholders approves bond issue for the college's Phase II expansion which includes the construction of a Gymnasium/Day Care Center and renovation of the Burch Theater at the Newark campus, and the expansion of the West Essex Extension Center.
May	1984	Groundbreaking for Gymnasium/Day Care Center at the Newark campus.
October	1985	Dedication/Opening of Gymnasium/Day Care Center complex and expanded West Essex Extension Center.
March	1989	Gala opening of the Mary B. Burch Theater for the Performing Arts at the Newark campus.
May	1989	West Essex center is granted branch campus status by the State Department of Higher Education.
March	1992	Accreditation is reaffirmed by Middle States Association.
October	1992	College begins its year-long 25 th Anniversary celebration.

**ESSEX COUNTY COLLEGE
BOARD OF TRUSTEES**

Reginald T. Jackson, *Chairperson* – Rev. Jackson was appointed to the Board in 2003 and has served as Board Chair since then. He is the executive director of the Black Ministers Council of New Jersey and a member of the Orange Board of Education. He has been the pastor of St. Matthew AME Church in his hometown of Orange since 1981. Rev. Jackson heads the Board's executive committee and serves as a member of the Essex County College Board of School Estimate.

Thomas P. Scrivo, Esq., *Vice Chairperson* – A resident of Livingston, Mr. Scrivo is a partner in the law firm of McElroy, Deutsch & Mulvaney. He is a past president of the Essex County Bar Association, and was named one of New Jersey's "Top 40 Lawyers under 40" by the New Jersey Law Journal in 2002. He has also been listed as a New Jersey Super Lawyer for all years from 2005 through 2011. Appointed to the Board in 1999, Mr. Scrivo chairs the Board's Site/Facilities Committee and also serves on its Academic and Student Affairs Committee, and its Personnel Committee.

Michellene Davis, Esq. – Ms. Davis is a Senior Vice President in the Saint Barnabas Health Care System with responsibility for Policy Development and Governmental Affairs. Formerly Chief Policy Counsel and Senior Special Counsel to the Governor of New Jersey (2008-2010), Ms. Davis also served as the Acting State Treasurer in the New Jersey Department of the Treasury and Executive Director of the New Jersey Division of Lottery. A resident of Maplewood, Ms. Davis was appointed to the Board in 2011.

Elvin Esteves, Esq. - Mr. Esteves is a multi-purpose business litigator with the Gibbons law firm in New Jersey and is experienced in all aspects of federal and state litigation and alternative dispute resolution. He litigates noncompete, nonsolicitation and confidentiality covenants, and has significant experience in intellectual property litigation, including patent and trade secret litigation. He is a member of the Advisory Council to the Gibbons Diversity Initiative. A resident of Upper Montclair, Mr. Esteves was appointed to the Board in 2011.

Dr. Lawrence S. Feinsod – A resident of West Orange, Dr. Feinsod was appointed to the Board in 2008 in his capacity as Essex County Executive Superintendent of Schools. This veteran educator is the former Superintendent of the Cranford School District in Union County. He previously held the same post for the Madison and Mount Arlington districts in Morris County. Dr. Feinsod serves as Chair of the Academic and Student Affairs Committee, and is a member of the Personnel Committee. He is also a trustee liaison to the college's Police Academy Advisory Board.

Joseph Fiordaliso – Born and raised in the Ironbound section of Newark, Mr. Fiordaliso serves as a Commissioner of the New Jersey Board of Public Utilities to which he was appointed in 2005. A former three-time mayor of Livingston, he previously served as the Director of Government Relations for the Saint Barnabas Health Care System. He also served as Deputy Chief of Staff to former acting Governor Richard J. Codey. One of two state appointees, Mr. Fiordaliso was first appointed to the Board in 2002 and currently serves on its Academic and Student Affairs and Labor Liaison Committees.

Jewelene Grimes – Ms. Grimes, a resident of East Orange, is an alumna of Essex County College. She is a former community outreach coordinator for East Orange General Hospital and a former member of the East Orange Board of Education. Mrs. Grimes has also served as a fiscal supervisor for the Irvington Welfare Department. Since joining the Board in 2003, Ms. Grimes has served on its Academic and Student Affairs, Site/Facilities and Community Relations Committees.

Stacey LG Jennings – Mrs. Jennings is a corporate executive and former elected official in her hometown of South Orange. She is currently a project manager for Hewlett Packard's Software Division and also serves as the firm's philanthropic site coordinator for the New York region. A former trustee for the Village of South Orange, she is the diversity and outreach chair for the Women's Political Caucus of New Jersey. She was appointed an ECC trustee by Gov. Jon Corzine in 2009 and is one of two state appointees to the Board. Mrs. Jennings serves on the Board's Academic and Student Affairs Committee.

Gerald Owens – Mr. Owens is currently the General Organizer for the International Longshoremen's Association and has held that position since 2002. He made history in 2000 when the Executive Council of the International Longshoremen's Association (AFL-CIO) named him the union's International General Organizer, and the first African-American to serve in that position in the ILA's 115-year history. In addition to many other union positions, Mr. Owens has served as Commissioner of the New Jersey Board of Elections for the past two years. A resident of South Orange, Mr. Owens was appointed to the Board in 2011.

Rita Sallis – Ms. Sallis is a principal at The Yucaipa Companies, a venture capital and private equity company in the Greater New York area. She was formerly the Deputy Comptroller/Chief Investment Officer for the City of New York in which capacity she was responsible for the investment of the \$87 billion in assets of the City's five pension boards. Ms. Sallis was also the Deputy Comptroller for Public Finance of the City of New York, and the Managing Director for RBC Dain Rauscher/Artemis Capital Group, Inc. A resident of South Orange, Ms. Sallis was appointed to the Board in 2011.

Calvin Souder, Esq. – Mr. Souder is an associate at the Patton Boggs law firm where he specializes in litigation, dispute resolution, product liability, and mass torts. He served as the Vice President of the Seton Hall Black Law Student Association, Corporate Relations Director for the Northeast Black Law Student Association and was recognized as the Best Oral Advocate in Appellate Advocacy. He is the Chair of the Personnel Committee, and a member of the Finance, and Academic and Student Affairs Committees. Mr. Souder is a resident of Montclair and was appointed to the Board in 2010.

Population and Housing Narrative Profile: 2007-2009
2007-2009 American Community Survey 3-Year Estimates
American Community Survey

NOTE. Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, it is the Census Bureau's Population Estimates Program that produces and disseminates the [official estimates of the population for the nation, states, counties, cities and towns and estimates of housing units for states and counties](#).

For more information on confidentiality protection, sampling error, nonsampling error, and definitions, see Survey Methodology.

HOUSEHOLDS AND FAMILIES: In 2007-2009 there were 94,000 households in Newark city. The average household size was 2.8 people.

Families made up 65 percent of the households in Newark city. This figure includes both married-couple families (28 percent) and other families (38 percent). Nonfamily households made up 35 percent of all households in Newark city. Most of the nonfamily households were people living alone, but some were composed of people living in households in which no one was related to the householder.

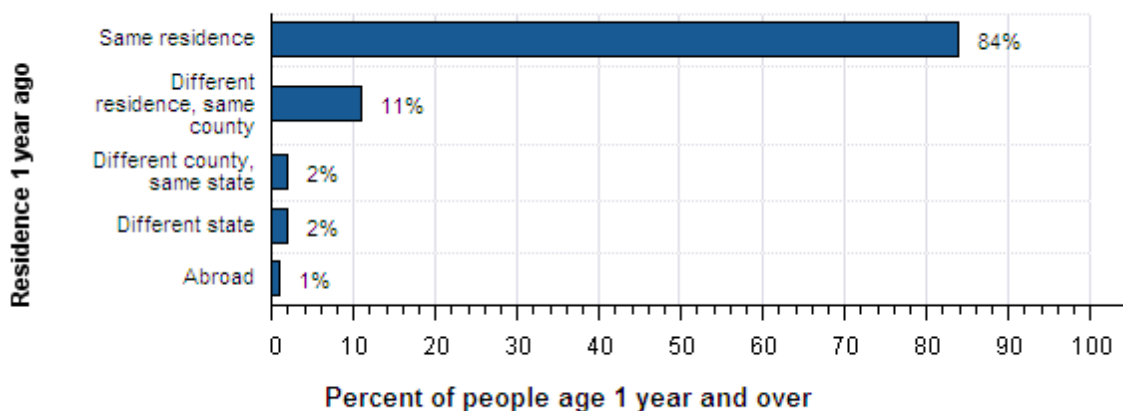

Source: American Community Survey, 2007-2009

NATIVITY AND LANGUAGE: Twenty-six percent of the people living in Newark city in 2007-2009 were foreign born. Seventy-four percent was native, including 52 percent who were born in New Jersey.

Among people at least five years old living in Newark city in 2007-2009, 45 percent spoke a language other than English at home. Of those speaking a language other than English at home, 65 percent spoke Spanish and 35 percent spoke some other language; 53 percent reported that they did not speak English "very well."

GEOGRAPHIC MOBILITY: In 2007-2009, 84 percent of the people at least one year old living in Newark city were living in the same residence one year earlier; 11 percent had moved during the past year from another residence in the same county, 2 percent from another county in the same state, 2 percent from another state, and 1 percent from abroad.

Geographic Mobility of Residents of Newark city, Essex County, New Jersey in 2007-2009

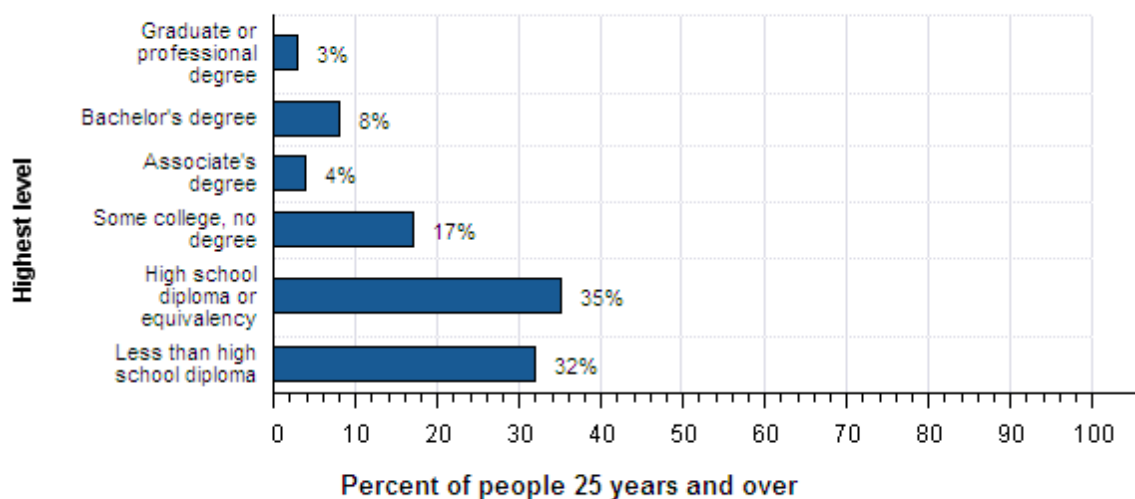

Source: American Community Survey, 2007-2009

EDUCATION: In 2007-2009, 68 percent of people 25 years and over had at least graduated from high school and 12 percent had a bachelor's degree or higher. Thirty-two percent were dropouts; they were not enrolled in school and had not graduated from high school.

The total school enrollment in Newark city was 75,000 in 2007-2009. Nursery school and kindergarten enrollment was 10,000 and elementary or high school enrollment was 47,000 children. College or graduate school enrollment was 18,000.

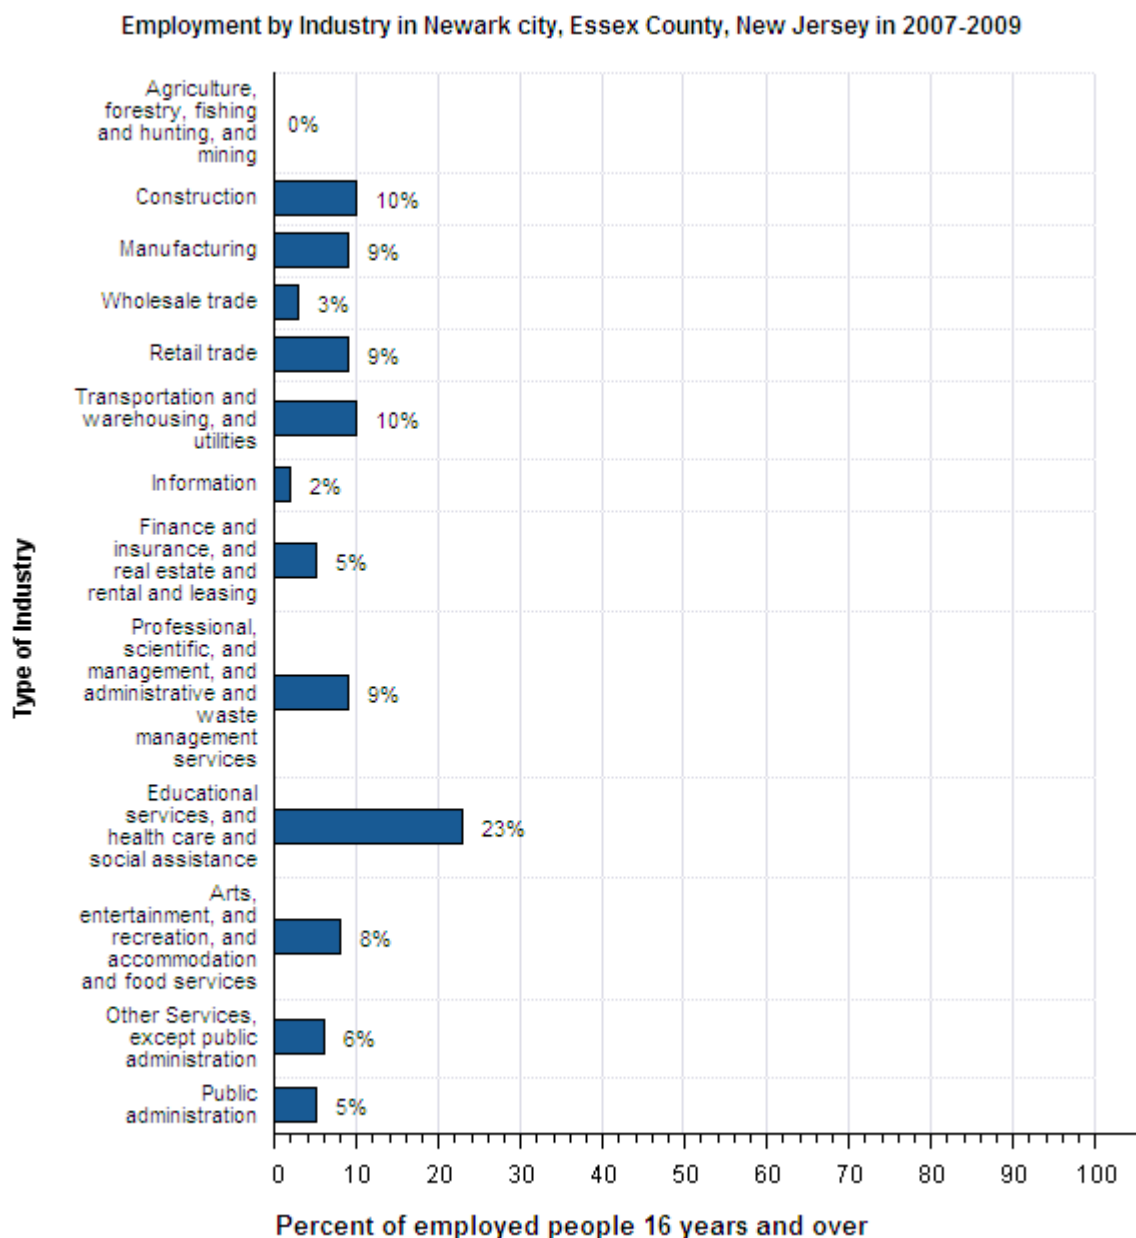

The Educational Attainment of People in Newark city, Essex County, New Jersey in 2007-2009

Source: American Community Survey, 2007-2009

DISABILITY: In Newark city, among people at least five years old in 2007-2009, percent reported a disability. The likelihood of having a disability varied by age - from percent of people 5 to 15 years old, to percent of people 16 to 64 years old, and two percent of those 65 and older.

INDUSTRIES: In 2007-2009, for the employed population 16 years and older, the leading industries in Newark city were Educational services, and health care, and social assistance, 23 percent, and Construction, 10 percent.

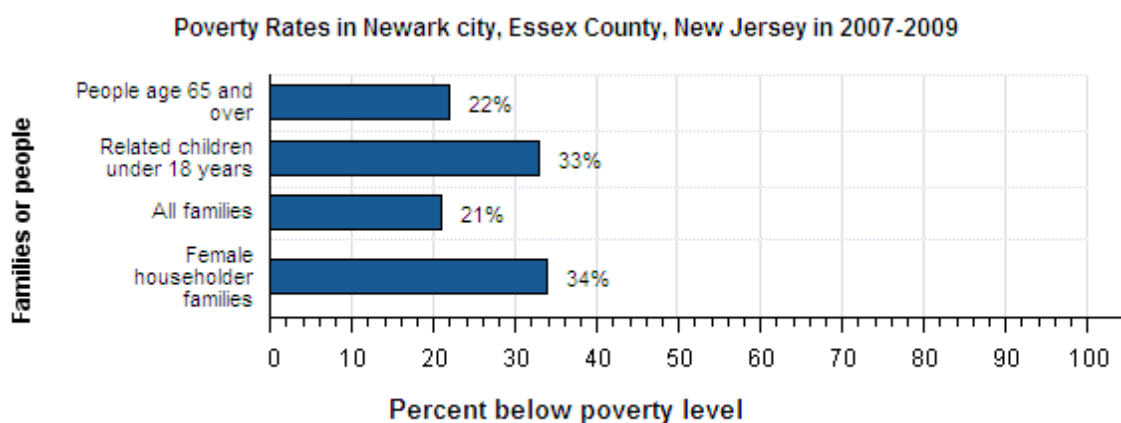

Source: American Community Survey, 2007-2009

OCCUPATIONS AND TYPE OF EMPLOYER: Among the most common occupations were: Service occupations, 26 percent; Sales and office occupations, 23 percent; Management, professional, and related occupations, 21 percent; Production, transportation, and material moving occupations, 17 percent; and Construction, extraction, maintenance, and repair occupations, 13 percent. Eighty percent of the people employed were Private wage and salary workers; 17 percent was Federal, state, or local government workers; and 3 percent was Self-employed in own not incorporated business workers.

TRAVEL TO WORK: Forty-nine percent of Newark city workers drove to work alone in 2007-2009, 14 percent carpooled, 25 percent took public transportation, and 11 percent used other means. The remaining 1 percent worked at home. Among those who commuted to work, it took them on average 30 minutes to get to work.

INCOME: The median income of households in Newark city was \$35,553. Seventy-seven percent of the households received earnings and 9 percent received retirement income other than Social Security. Twenty-two percent of the households received Social Security. The average income from Social Security was \$12,149. These income sources are not mutually exclusive; that is, some households received income from more than one source.

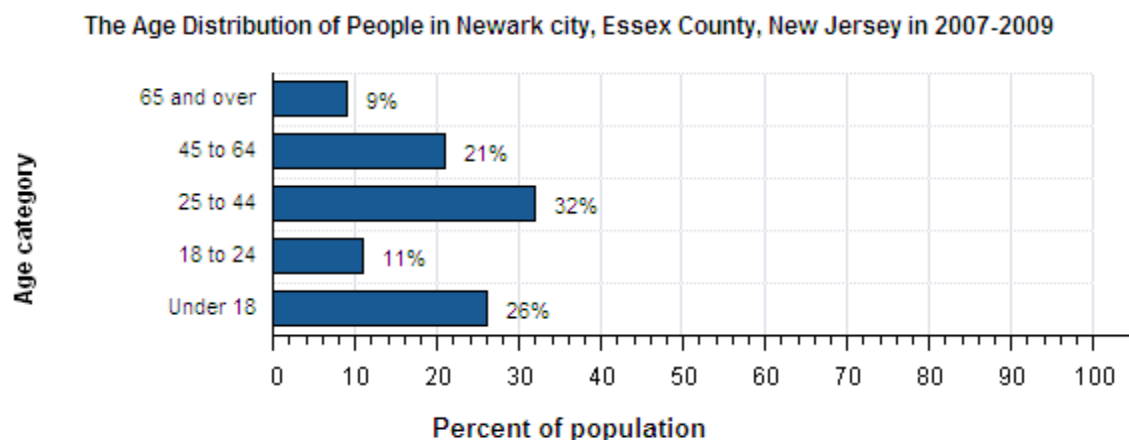

POVERTY AND PARTICIPATION IN GOVERNMENT PROGRAMS: In 2007-2009, 24 percent of people were in poverty. Thirty-three percent of related children under 18 were below the poverty level, compared with 22 percent of people 65 years old and over. Twenty-one percent of all families and 34 percent of families with a female householder and no husband present had incomes below the poverty level.

Source: American Community Survey, 2007-2009

Poverty Rates in Newark city, Essex County, New Jersey in 2007-2009

POPULATION OF Newark city: In 2007-2009, Newark city had a total population of 278,000 - 139,000 (50 percent) females and 139,000 (50 percent) males. The median age was 32.4 years. Twenty-six percent of the population was under 18 years and 9 percent was 65 years and older.

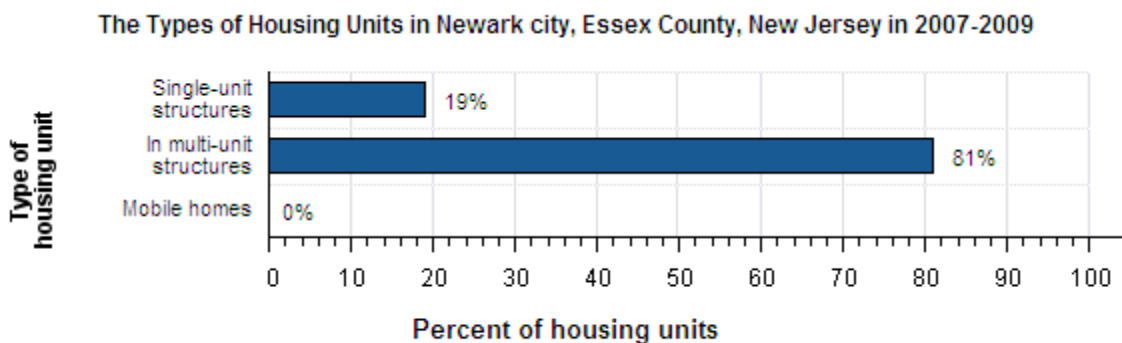

Source: American Community Survey, 2007-2009

For people reporting one race alone, 28 percent was White; 52 percent was Black or African American; less than 0.5 percent was American Indian and Alaska Native; 2 percent was Asian; less than 0.5 percent was Native Hawaiian and Other Pacific Islander, and 13 percent was some other race. Five percent reported two or more races. Thirty-two percent of the people in Newark

city were Hispanic. Fifteen percent of the people in Newark city were White non-Hispanic. People of Hispanic origin may be of any race.

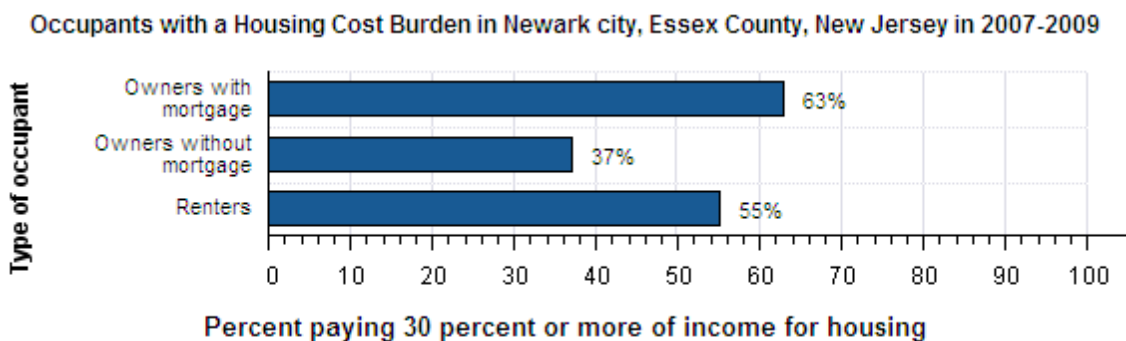

HOUSING CHARACTERISTICS: In 2007-2009, Newark city had a total of 112,000 housing units, 16 percent of which were vacant. Of the total housing units, 19 percent was in single-unit structures, 81 percent was in multi-unit structures, and less than 0.5 percent was mobile homes. Seventeen percent of the housing units were built since 1990.

Source: American Community Survey, 2007-2009

OCCUPIED HOUSING UNIT CHARACTERISTICS: In 2007-2009, Newark city had 94,000 occupied housing units - 24,000 (26 percent) owner occupied and 70,000 (74 percent) renter occupied. Six percent of the households did not have telephone service and 38 percent of the households did not have access to a car, truck, or van for private use. Seventeen percent had two vehicles and another 5 percent had three or more.

HOUSING COSTS: The median monthly housing costs for mortgaged owners was \$2,194, nonmortgaged owners \$835, and renters \$891. Sixty-three percent of owners with mortgages, 37 percent of owners without mortgages, and 55 percent of renters in Newark city spent 30 percent or more of household income on housing.

Pre-College Initiatives

ADULT LEARNING CENTER

The Adult Learning Center (ALC) offers classes to meet the varied time constraints and challenges of students ages 16 and over, are conveniently held at three locations (Ironbound community Corp., Main and West Essex campuses), and are scheduled days, evenings and weekends. The new Essex County Consortium partners include Essex County College(ECC), South Orange/ Maplewood Adult School (SOMAS), FOCUS Hispanic Center, Essex County Vocational Technical School, East Orange School District/ Bernie Edmonson Center, the 1199 SEIU Education Fund-New Jersey Division, La Casa De Don Pedro, New Community Corporation, Newark Public Schools, North Ward, and Literacy Volunteers of America (LVA).

COLLEGE – YES

College – Yes (C-Yes) is a transition program for 18-24 year old at-risk, underrepresented, out-of-school youth, who have a goal of pursuing postsecondary education. The purpose is to prepare them to be “college ready” and “work ready”, to increase retention and graduation rates for degree and certificate programs in a cost effective manner and in a short period of time. Partners of C-Yes include GED and other youth programs. Partnerships include Youth Build, International Youth Organization, Youth Corps and America Works.

CONSTRUCTION TRADES & ENGINEERING PROGRAM

The ECC Construction Trade & Engineering Program is offered during the summer to middle school youth from the Essex County Public Schools. Students are introduced to the machines and tools used in the field of construction as well as problem solving techniques used by engineers. All Essex County Middle Schools participate in this program.

EARLY COLLEGE HIGH SCHOOL PROGRAM

The Newark Early College High School program bridges the divide between high school and college by offering increasingly rigorous academic experiences in an emotionally safe and intellectually challenging environment. All Newark Public Schools participate in this program.

PRE FRESHMAN SUMMER PROGRAM

The Pre Freshman Summer Program, *PSP* offers a six week full day program of classes, workshops, events, to some 50 new college students of all ages and backgrounds. Typically, students earn three (3) college credits (from a general education course), brush up on math and writing skills and get acquainted with college life. Upon completion of the program, many of the students are able to place at a higher level of math or English. This program is open to all interested high school students who meet the following eligibility requirements: first time college freshman, low-income, US Citizen, and NJ resident for one year or more.

RISE-UP SUMMER PROGRAM

The *Rise-Up* program offers 12 – 18, ESL, new college students an opportunity to strengthen their English language skills for six weeks, three hours per day. Lunch, books and other activities included. This program is open to all interested high school students who meet the following eligibility requirements: first time college freshman, low-income, US Citizen, and NJ resident for one year or more.

GATEWAY TO COLLEGE PROGRAM

The Gateway to College Program provides the opportunity for committed students to complete high school and work towards a college degree. Students simultaneously accumulate high school and college credits, earning their high school diploma while progressing toward an associate’s degree or certification. Newark Public Schools and Montclair High School participate in the program.

HIGH SCHOOL INITIATIVE PROGRAM

The High School Initiative Program assists high school students making the transition to college as smooth as possible. The program allows high school students to earn college credit. This dual enrollment program gives students the opportunity to expand their course and career options while earning both high school and college credit. As of 2009/2010, 26 High schools in Essex County are participating in the program.

INSTANT ADMIT

The Office of Recruitment and Marketing assigns Admissions Officers to local high schools to discuss Essex County College programs and to offer instant admission to interested seniors. Applications are completed by prospective students, application fees are waived, and on-site placement tests are offered to select locations or placement test appointments are provided at the time of acceptance. All Essex County High Schools participate in this program.

NJ STARS

Incoming NJ STAR students are offered the opportunity to enroll in a 4-week summer program, which entails strengthening their subject skills in English and Mathematics. After students successfully complete the course, they are then registered for the next level of coursework. This program is opened to all incoming NJSTAR students.

SUMMER CONNECTIONS

The opportunity to enroll in Summer Connections is afforded to incoming Freshman, NJ Star students and qualified Newark residents the opportunity to strengthen their subject skills based on their placement test scores before beginning their academic careers at Essex County College. This program is opened to all incoming ECC students.

SUPPLEMENTAL EDUCATIONAL SERVICES (SES) PROGRAM

The program is designed to meet the needs of students in grades 6-12 in targeted schools that have not met the guidelines of No Child Left Behind (NCLB). The program is a tutorial program designed to meet the needs of individual students so that they can meet the educational goals for all students in NCLB. This program is opened to all students in Essex County Title 1 schools in grades 6-12.

TALENT SEARCH PROGRAM

Talent Search is a college placement, academic preparatory and counseling project designed to identify and inform pre-college youths of postsecondary and career opportunities. Barringer, Central, Technology, Weequahic, West Side High Schools participate in the program.

TALENT SEARCH/NEWARK YOUTH ONE STOP CAREER FAIR

The Annual Career Fair another service of Talent Search focuses on providing approximately 600 Newark youth ages 14-21 years with educational and occupational career information and resources. Youth are exposed to speakers from various fields who discuss education requirements and preparation for their respective professions. This program is opened to all Newark youth.

NATIONAL ACTION COUNCIL FOR MINORITIES IN ENGINEERING SCHOLARSHIP

NACME is a pipeline program that provides scholarships to minority students to major in engineering. Students are recruited during their junior year to take MTH 119/120 Pre-Calculus I/II in summer I/II, and take MTH 120/121 Calculus I/II in their senior year. This program is opened to All Essex County High School students.

PATHWAYS TO COLLEGE

The Pathways to College Program provides the opportunity for committed students to complete high school and work towards a college degree. The students enrolled in the Pathways to College Program at Essex County College are between the ages of 16-20, Newark residents and dropped out of High School. Newark Public High Schools participate in this program.

413								100.0%	59.6%	50.6%	38.3%	30.5%	5.8%
1779									100.0%	76.4%	53.5%	45.2%	2.4%

NOTE: Example for interpreting the table: The first cohort are the first-time, full-time Fall 2005 students (N=1581). Of this group, 72.61% returned for the Spring 2005; 51.23% returned for the Fall 2006; 41.24% returned for the Spring 2007; 32.32% returned for the Fall 2007 etc. After six years (12 semesters) the graduation rate for this cohort was 15.2%. The filled cells help track Fall to Fall retention.
