The Customized Training Professional Group

We deliver customized training solutions to businesses and organizations wanting to maintain/gain a global competitive edge in our “knowledge economy.” Our group helps meet the business challenges of new technologies, retention, organizational restructuring, and the continuous improvement of your workforce for a return on your investment.

Reasons to Use our Services

- *Complimentary needs assessment and training topic identification*
- *Outstanding instructors with industry expertise dedicated to training excellence*
- *Our classes are customized so employees learn what they will use*
- *Scheduling is flexible to meet your business needs*
- *Assistance with NJ Department of Labor customized training and literacy grant applications from inception to completion*
- *Promote employee development to increase your productivity and business customer satisfaction*

Benefits of our Training

- *Enhances team building and communication skills using small interactive group learning situations*
- *Develops and educates employees by expanding/enhancing their business and technology skills to improve product and quality service*
- *Strengthens internal levels of competency in the company*
- *Optimizes workforce performance levels*
- *Increases motivation, job skill effectiveness, and gives companies the competitive edge*

“At ECC...we listen...we care...we work for you”
