# EOF MATTERS

## Internship Opportunities

Welcome to the EOF newsletter for the month of March, in this issue we would like to share some information with all of you regarding internship opportunities. Internships can be a life changing experience, they are a great way to meet new people and do new things, learn about different jobs and hopefully, get some money for school. Here are some of the Internships that may be available for all of you.

**Tonjia an EOF Student asks this question:** — Can you name one of the largest international entertainment companies?

## How About Disney?

Have you ever done an internship? Was it interesting and fun? Were you paid? Did you earn college credits? At Disney, you can have it all. You would be able to learn about the Disney Company, get work experience and earn college credits. Disney hires motivated people from all over the world, so you will be able to meet people from almost every country. You would be living in Central Florida, with housing parties, party buses, and your very own apartment with roommates of course. Bring a friend and you can house together as long as it is not co-ed. You will have a swimming pool, tennis court and gym right in your backyard. If you are home and you get bored you can head over to the Disney parks: Animal kingdom, Epcot, Hollywood Studios, and the famous Magic Kingdom. Learn about the Disney Company, get work experience and college credits and become a Disney family member for life.

DO THE DISNEY COLLEGE PROGRAM!! - Like I did!!!

If you're ready for the experience of a lifetime visit

## Seton Hall University-The Summer Institute of Pre-Legal Studies

The summer institute of pre-legal studies is a five week residential program that is offered through the EOF Grant, this program is for students who are interested in law and who need extra financial assistance. The program looks to give students an incite into the first year of law school; the program will offer classes from 9 am –4 pm as well as workshops for stress management and preparation for the LSAT. If you have any question please see Ms. Joanna Romano in EOF

For more information please visit <http://law.shu.edu/About/DiverseCommunity/Pipeline/prelegal.cfm>

**Dates:** Tuesday March 29 @ 2:30 PM

Thursday March 31 @ 3:30 PM

**Location:** Green Area Snack Bar

**Coordinators:** Ivonne DePascual & Carmen Huaman

## A Message From the Director

The focus of this issue is on Internships. Getting experience in the field you hope to pursue is essential. It will help you to tell if this is really the field for you, broaden your view of the field and get you to meet people of like minds ---- you know, networking!!!

Here is my story:

Back in the 80's I was chosen to be in an internship run by the National Institute of Mental Health. There was a grueling, national competition, but I somehow got the guts to hand in my application and go to DC for interviews. When I received a telegram to announce that I was selected --- I called my mother right away!

I studied and worked for a whole year with top people in the field of psychiatry and psychotherapy. They even gave me a stipend and a place to live. Wow, what a challenging, crazy, fulfilling time it was! One of the many things that I received from that internship was a chance to meet the Executive Director of an agency in NY, who hired me a few years later when I moved there. The internship gave me life-long friends from around the country, reinforced my career choice, strengthened my confidence and an impressive body of knowledge and experience. So I say to you all ---go for it!!! – J. Romano, Director

## Stevens Mathematics Immersion Program

The EOF Department at Stevens Institute of Technology will be offering the Mathematics Immersion Program (MIP). This program will take place in the summer (July) and it will be a residential three week program which will focus on helping students who are part of the EOF Program to prepare for higher levels of math courses as well as to broaden their use of computers as a learning tools. The goals of the program are to encourage students to pursue advance courses in mathematics and to help the students to gain more confidence in their ability to succeed in technology majors. Each year, our EOF Department sends candidates to this program — our lead promoter of this program is Ms. India Calloway - so come to see her for the details!!!

## INROADS: Next Level Opportunity

INROADS is a program that places talented minority students with companies such as: Deloitte, Target, Ernst & Young, MetLife, Liberty Mutual and many others. Some of benefits of these internships include: potential full-time job offers, your own coach and corporate mentor, Multi-year Internships at top pay—\$4,00-10,000 per summer among other things. The requirements for these internships includes that: students must have 2 or more summer remaining prior to completion of undergraduate degree, a minimum 2.8 GPA, students must be citizens or permanent residents of the U.S, students must have career interest in the field of: Business, Engineering, Information Technology, Sales, Financial Services, Allied Healthcare, or Retail Management.

If you would like additional information please contact INROADS at 1-800-651-6411

To apply for INROADS please visit their web-site at [www.INROADS.org](http://www.INROADS.org)

## UMDNJ-Bridging the Gaps

UMDNJ is one of the hosts for Bridging the Gaps Community Health Internship Program. This program is for students in the Health and Social Service field, the program is a seven weeks paid internship. Students who are interested in this internship will be placed at an agency that meets their professional interest where they will work with disadvantaged communities for four days per week and they will attend workshops one day per week, this internship will take place in the summer between the months of June through July. For more information please visit

[www.bridgingthegaps.info](http://www.bridgingthegaps.info). And to apply go to [westbm@umdnj.edu](mailto:westbm@umdnj.edu). See Ms. Congleton in EOF for assistance!

**Change will not come  
if we wait for some  
other person or some  
other time. We are  
the ones we've been  
waiting for. We are  
the change we seek.  
President Obama**

## Important Dates

-The last day to withdraw from Spring '11 will be Friday, March 25, 2011

- On-line registration for Sum I, II and Fall '11 Starts Monday, March 28, 2011

**Students should  
have initiative; they  
should not be mere  
imitators. They must  
learn to think and  
act for themselves--  
and be free  
Cesar Chavez**
