

NJ Transit Discount

ECC Full-time Students: Get on Board with a 25 percent Discount on New Jersey Transit Monthly Passes

ECC full-time students (12 or more credits) are eligible to receive a rail, bus, and light rail monthly pass at **25 percent off** the regular monthly pass price, when they enroll online through **ECC Web Services** (students must use this link to get the discount). The program offers the convenience of auto-pay combined with online account management. You will receive your student monthly pass in the mail and your credit card will be automatically billed. Students must purchase the monthly pass online by the 10th day of the previous month; for example, if the next available monthly pass for an ECC student is November, then the pass must be ordered prior to October 10th. **Please note that all students must re-register with NJ TRANSIT after May 30th. On May 30th of each year, NJ TRANSIT purges all student accounts in effort to update each student's current status with Essex County College.**

NJ TRANSIT applies a \$3.00 non-refundable electronic processing fee each month, in addition to the fare for the pass. Students who wish to avoid the processing charge will have the opportunity to opt out of the program and purchase their pass from NJ TRANSIT ticket vending machines or ticket offices (note that there is no other way to purchase a student discounted bus or light rail monthly pass but via the online system). Students who wish to purchase a discounted monthly rail pass without incurring the processing fee can do so using the paper forms that are available at rail station ticket windows. To opt out of the program altogether, students should simply cancel their account.

Students electing to participate in this program agree that the monthly pass is for their exclusive use only. Each student is eligible to receive one discounted monthly pass per month. Passes are non-transferable. Please be aware that Student Pass accounts are reviewed by NJ TRANSIT to ensure compliance with eligibility requirements. Student discounts are only available for transportation between your home address and school address. Discounted Student Passes are not available for other origins or destinations. If your selection does not meet these eligibility requirements, your order will not be processed and your account will be disabled. At that time, you will have the opportunity to convert your account to a standard (non-discounted) account. Abuse or purposeful deception is discouraged and will result in the cancellation of the student's

monthly pass account. The student will then be unable to participate in the program in the future. This forfeiture also applies to any other student who is knowingly involved.

Be sure to check out additional NJ TRANSIT special discounts on the [NJ TRANSIT website](#) and click on the link labeled "Deals and Destinations".
