VIDEO EDITING SUITE RENTAL

(Off-Line Editing is when all the original footage (often tens or hundreds of hours) is digitized into the suite at a low non-Broadcast resolution with a Timecode window. The editor and director are then free to work with all the options (color correction, transitions, effects, graphics and music) to create an EDL (Edit Decision List) for the final Broadcast Master cut.)

- **Off-line Avid MC Nitris DX w/o operator:** \$50/hour
- **On-line Avid MC Nitris DX w/o operator:** \$100/hour

POST-PRODUCTION

Post-Production fees include: video editing, graphics, titles, fx, audio mixing, color correction, finalizing, exporting, etc.

- **\$100 per hour**

DUBS
