Room 3220

FINANCIAL AID COURSE PAYMENT REQUIREMENT

Financial Aid funds cannot be awarded for courses that **do not count** toward your major. The courses listed on as **'NO'** on your MYECC Student Portal do not meet the program requirements for your major. **This requirement applies only to students receiving financial aid funds.**

Actions you must take to correct a "NO" before the end of the registration period.

- Go to <http://myecc.essex.edu>. Log into your myecc.essex.edu account with your ECC ID Number and Password, locate and click on the **"Course of Study"** button to view the courses marked as "NO".
- Refer to the Online College Catalog or review your Degree Evaluation for your major requirements. Advisement is available through the academic department of your major.
- Make sure your major is listed correctly in our system.
- **Adjust your registration during the Add/Drop Period to make sure you are registered for courses required for your major.**
- If you feel the course is mark **"NO"** in error or if an adjustment is necessary for your Degree Evaluation, report to the Enrollment Services Office and complete a **"Course Requirement Form"**. Enrollment Services will evaluate and determine your status.

NOTE: If you maintain the course(s) listed as "NO", you are solely responsible for any outstanding charges from your own resources.
