Clery Act and Crime Reporting

The Clery Act was enacted by Congress to advance campus security and safety. It is named after Jeanne Clery, a 19 year old Lehigh University freshman who was assaulted and murdered in her dorm room in April 1986. The Clery Act provides students at postsecondary institutions with a safer environment and keeps campus communities informed of security and safety issues that can prevent campus victimization.

The Act requires institutions of higher education to:

1. Make public its campus security policies.
2. Collect, report, and disseminate to the campus community and the U.S. Department of Education certain crime data.
3. Give timely warning of crimes that present a threat to the safety of students or employees.
4. Create, maintain, and make available for public inspection, a daily crime log.

The law requires colleges and universities receiving federal funding to prepare, publish, and distribute by October first of each year, a campus security policy and statistics.

Essex County College’s comprehensive Campus Crime Statistics Report is filed with the U.S. Department of Education and is available on-line at http://www.essex.edu/campus- or by going to the Essex County College website.

The majority of the cases handled by the Essex County College Police Department are non-criminal matters such as medical emergencies, motor vehicle accidents and traffic control, fire alarms, property loss, and other public service calls.

Information on public safety matters, including any crimes, is reported on the Police Department’s website, and the Department maintains information to be in compliance with the Jeanne Clery Disclosure Act.

Students, faculty, and staff are encouraged to ask questions. Any questions about safety on campus can be directed to the College Police Department at 973-877-3312.

To report an emergency or incident while on campus, dial extension 3312 or 3359. From off campus or using a cell phone, dial 973-877-3312. Yellow Emergency Call Boxes are located in building hallways and can also be found in outside areas around the campus: The emergency call boxes are dialed directly to Police Headquarters.

“Education ~ Service ~ Protection”
College Police Department

The Essex College Police are professional law enforcement officers with full police powers under Title 18A, State of New Jersey. Each officer must complete a rigorous training course approved by the Police Training Commission before being assigned to active duty. Officers continue their training in accordance with the State Attorney General’s guidelines. The Police Department is located in the rear of the Mega structure building, with entry through the A-Lot.

The College Police enjoy a good working relationship with other law enforcement agencies and have long maintained an excellent reputation among federal, state, and local police forces. The College Police Department communicates with, and works cooperatively with, the Newark Police Department, the Essex County Prosecutor’s Office, Essex County Sheriff’s Office, West Caldwell Police Department and the Rutgers and New Jersey Institute of Technology Police Department.

As necessary, when an incident arises that requires joint investigative efforts, resources, crime related reports, and information are exchanged between the agencies involved.

Note: In all incidents where a Code of Student Conduct violation occurs, a report will be submitted to the Office of Student Life and Activities.

Emergency Procedures
In an emergency, dial extension 3312 from any on-campus telephone, from cell phones by dialing 973-877-3312 or from any of the yellow emergency call boxes, which are located in the hallways and/or corridors of all major classroom buildings. Outdoor emergency call boxes are located in various areas around the campus.

Violations of certain federal, state, and local statutes can lead to arrest and criminal prosecution.

The College is committed to promoting the health and positive development of its students and employees. The unauthorized use of CDS could provide a danger to them and others and inhibit the job effectiveness of employees and the maximum benefit of education for students. Therefore, this use is prohibited. The Code of Student Conduct states that “the use of or actual possession, distribution, transfer or sale of narcotics, hallucinogenic agents and abusive drugs (and the) unauthorized consumption and/or unauthorized possession of alcoholic beverages on campus” are specific violations of student conduct, and/or law at Essex County College.

Employees are subject to appropriate action for legal and policy violations, up to and including termination.

Communication, Education and Assistance

The Essex County Police Department does more than enforce the law and respond to emergencies. Acting in concert with the Student Life and Activities Officer, the Police Department effectively communicates with the College community about the department’s procedures.

Police and other staff members regularly make in-person presentations, new faculty, and student orientation sessions etc.

Safety pamphlets and other written materials are distributed at appropriate activities.

Crime Prevention

The College uses a variety of methods to educate the College community about crime prevention. These include programs on preventing rape, sexual and other types of assault, the dangers posed by substance abuse, as well as reports about campus crime and information on safety practices.
TITLE IX COMPLIANCE

Title IX coordinator is Syrion Jack, Esq. 973-877-3477 (sjack1@essex.edu); Patricia Slade, Student Coordinator, 973-877-3209(slade@essex.edu) and Karen Bridgett, Human Resources Department, 973-877-3461(bridgett@essex.edu)

Pursuant to Title IX of the Education Amendments of 1972 and the U.S. Department of Education’s implementing regulations at 34 C.F.R. Part 106, the Title IX Coordinator has primary responsibility for coordinating the College’s efforts to comply with and carry out its responsibilities under Title IX, which prohibits sex discrimination, as well as retaliation for the purpose of interfering with any right or privilege secured by Title IX.

Title IX Coordinator

The Title IX Coordinator has primary responsibility for oversight, enforcement, administration, and supervision of this policy and procedure, as well as identifying and addressing any systematic problems that arise during the review of complaints. The Title IX Coordinator is also the administrator to whom a complaint is reported. The Title IX Coordinator ensures the complaint is addressed according to policy and procedures and may or may not act with an Investigator in resolving the situation.

Sexual misconduct against students, including sexual harassment, sexual assault, rape, and sexual exploitation, can be a form of sex discrimination under Title IX. The Title IX coordinator oversees the response to reports and complaints that involve possible sex discrimination to monitor outcomes, identify and address any patterns, and assess effects on the campus climate, so issues can be addressed that affect the wider school community.

A student should contact the Title IX Coordinator or Student Title IX Coordinator(s) in order to:

- Seek information or training about students’ rights and courses of action available to resolve reports or complaints that involve potential sex discrimination, including sexual misconduct,
- File a complaint or make a report of sex discrimination, including sexual misconduct,
- Notify of an incident or policy or procedure that may raise potential Title IX concerns,
- Get information about available resources (including confidential resources) and support services relating to sex discrimination, including sexual misconduct, and
- Ask questions about the College’s policies and procedures related to sex discrimination, including sexual misconduct.
Sex Offenses

Essex County College has a policy and procedure for handling sexual harassment incidents. Sexual harassment becomes criminal behavior when it escalates to the point of assault, “physical violence or unwanted sexual propositions, behavior or conversation.” The College states in its policy that this behavior will not be tolerated.

Sex offenses, as all criminal acts, should be reported to the Campus Police. The Campus Police will provide emergency medical aid and support and help the victim to preserve evidence. The victim will be transported to The University of Medicine and Dentistry Hospital Rape Crisis Intervention Center, where medical attention and counseling will be provided.

Sexual and Gender Harassment

Sexual harassment is prohibited by both federal and state law and is a violation of Essex County College policy. It is objectionable and offensive behavior that cannot be condoned and is contrary to the ideals of higher education. It is defined as physical or verbal behavior of a sexual nature that creates an intimidating, hostile or offensive learning or working environment or that makes individuals feel their status will be affected by their responses to such behavior, specifically when:

✓ Submission or rejection of such conduct is made explicitly or implicitly a term or condition of an individual’s employment or status at the college; or
✓ Such conduct has the purpose or effect of unreasonably interfering with an individual’s work or educational performance.

Gender harassment consists of discriminatory behavior directed towards any individual who belongs to a gender group, which the aggressor treats as inferior. Such violations generally prevent or impede the student’s full enjoyment of educational benefits, climate or opportunities available at the College.

It is highly recommended that individuals seek resolutions, which they consider to be sexual or gender harassment by contacting either one of the following offices:

To file report an incident, or file a complaint contact Campus Police at 973-877-3212. Incidents involving sexual/gender harassment or assault may also be reported to the College’s Title IX Coordinators:
Karen Bridgett - 973-877-3461, bridgett@essex.edu
Syron Jack, Esq. - 973-877-3477, sjack1@essex.edu
Patricia Slade - 973-877-3209, slade@essex.edu

The College’s Sexual Harassment Policy can be found on the college website under the Human Resources Department link.

INFORMATION ON DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT AND STALKING

Sexual Assault (Including Rape)

Sexual assault is actual or attempted sexual contact with another person without that person’s consent. Sexual assault includes, but is not limited to:

• Intentional touching of another person’s intimate parts without that person’s consent; or other intentional sexual contact with another person without that person’s consent; or

• Coercing, forcing, or attempting to coerce or force a person to touch another person’s intimate parts without that person’s consent; or

• Rape, which is penetration, no matter how slight, of (1) the vagina or anus of a person by anybody part of another person or by an object, or (2) the mouth of a person by a sex organ of another person, without that person’s consent.

Sexual Harassment

Sexual Harassment is unwelcomed conduct of a sexual nature that has the effect of creating a hostile or stressful learning, or working environment, or whenever toleration of such conduct or rejection of it is the basis for an academic or employment decision affecting an individual. Conduct is considered “unwelcome” if the person did not request or invite it and considered the conduct to be undesirable or offensive.

Sexual harassment includes any conduct or incident that is sufficiently serious that it is likely to limit or deny a student’s ability to participate in or benefit from the College’s educational programs or a faculty or staff member’s ability to work, which may include a single incident of sexual harassment or other serious sexual misconduct.

Sexual harassment can take many forms:

• Occur between equals, such as student to student, faculty member to faculty member, staff to staff, or visitor/contracted employee to staff.
• Occur between persons of unequal status, such as supervisor to subordinate, faculty member to student, coach to student-athlete, student leader to first-year student. Although sexual harassment often occurs in the context of exploitation by the person with the greater power in a relationship, a person who appears to have less power can also commit sexual harassment (such as a student harassing a faculty member).

• Be committed by an acquaintance, a stranger, or someone with whom the complainant has or had a personal, intimate, or sexual relationship.
• Occur by or against a person of any sex, gender identity or expression, or sexual orientation.

The following non-exhaustive list includes examples of behavior that could be considered sexual harassment:

• Unwelcomed sexual innuendo, propositions, sexual attention, or suggestive comments and gestures.

• Unwelcomed physical contact of a sexual nature, such as touching, hugging, kissing, patting, or pinching, that is uninvited and unwanted or unwelcome by the other person.

• Humor and jokes about sex or gender-specific traits; sexual slurs or derogatory language directed at another person’s sexuality or gender.

• Insults and threats based on sex or gender; and other oral, written, or electronic communications of a sexual nature that a person communicates are unwelcomed.

• Written graffiti or the display or distribution of sexually explicit drawings, pictures, or written materials; sexually charged name-calling; sexual rumors or ratings of sexual activity/performance; the circulation, display, or creation of e-mails or Web sites of a sexual nature. (For more information, on misconduct using the College’s computers; please see the College Regulation: REG 9-4, Computer and Email Usage and REG 9-5, Internet Usage.)

• Non-academic display or circulation of written materials or pictures degrading to a person(s) or gender group.

• Unwelcome attention, such as repeated inappropriate flirting, inappropriate or repetitive compliments about clothing or physical attributes, staring, or making sexual gestures.

• Change of academic or employment responsibilities (increase in difficulty or decrease of responsibility) based on sex, gender identity or expression, or sexual orientation.

• Use of a position of power or authority to: (i) threaten or punish, either directly or by implication, for refusing to tolerate harassment, for refusing to submit to sexual activity, or for reporting harassment; or (ii) promise rewards in return for sexual favors.
• Acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex stereotyping.

**Sexual Exploitation**

Sexual exploitation occurs when a person takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited.

Examples of behavior that could rise to the level of sexual exploitation include:

• Prostituting another person;
• Recording images (e.g., video, photograph) or audio of another person’s sexual activity, intimate body parts, or nakedness without that person’s consent;

• Distributing images (e.g., video, photograph) or audio of another person’s sexual activity, intimate body parts, or nakedness, if the individual distributing the images or audio knows or should have known that the person depicted in the images or audio did not consent to such disclosure and objects to such disclosure; and,

• Viewing another person’s sexual activity, intimate body parts or nakedness in a place where that person would have a reasonable expectation of privacy, without that person’s consent, and for the purpose of arousing or gratifying sexual desire.

**Stalking**

Stalking is a course of conduct involving more than one instance of inappropriate and unwanted attention, harassment, threatening or intimidating physical or verbal contact, or any other course of conduct directed at a person that could be reasonably regarded as likely to alarm or place that person in fear of harm or injury, including physical, emotional, or psychological harm.

This includes the use of technology to pursue, harass, threaten, intimidate, or otherwise make unwelcome contact with another person. Stalking may involve people who are known to one another or have an intimate or sexual relationship, or may involve people not known to one another.

Stalking is prohibited by New Jersey law. Stalking can also constitute a violation of this Policy when the conduct involves an Essex County College student or employee and is gender-based.

**Relationship Violence (Dating and Domestic)**
Relationship violence is abuse, violence, or intentionally controlling behavior between partners or former partners involving one or more of the following elements: (i) battering that causes bodily injury; (ii) purposely or knowingly causing reasonable apprehension of bodily injury; (iii) emotional abuse creating apprehension of bodily injury or property damage; (iv) repeated telephonic, electronic, or other forms of communication — anonymously or directly — made with the intent to intimidate, terrify, harass, or threaten. Relationship violence can occur in all type of relationships (e.g., heterosexual, same sex, or any other type of relationship).

Relationship violence may constitute a violation of this Policy when it involves an Essex County College student, faculty or staff member, and the conduct is gender-based.

ADDITIONAL IMPORTANT CONCEPTS AND DEFINITIONS

Consent

Consent must be informed and voluntary, and can be withdrawn at any time. Consent can be given by words or actions as long as those words or actions create mutually understandable permission regarding the scope of sexual activity. There is no consent when there is force, expressed or implied, or when coercion, intimidation, threats, or duress is used. Whether a person has taken advantage of a position of influence over another person may be a factor in determining consent. Silence or absence of resistance does not imply consent. Past consent to sexual activity does not imply ongoing future consent. There is no consent if a person is mentally or physically incapacitated or impaired and he or she cannot understand the fact, nature, or extent of the sexual situation; this includes impairment or incapacitation due to alcohol or drug consumption that meets this standard, or being asleep or unconscious.

Effect of Drugs and Alcohol On Consent

Individuals should be aware of, and carefully consider, the potential consequences of the use of alcohol or drugs. Alcohol and other drugs can lower inhibitions and create an atmosphere of confusion over whether consent is freely and affirmatively given. If there is a question about whether someone consented to sexual activity after consuming drugs or alcohol, the College will examine the issue from the perspective of a reasonable person. Specifically, the College will consider whether the accused reasonably should have known about the impact of alcohol and other drugs on the complainant’s ability to give consent.

Incapacitation

An individual who is incapacitated is not able to make rational, reasonable judgments and therefore is incapable of giving consent. Incapacitation is the inability, temporarily or permanently, to give consent, because the individual is mentally and/or physically helpless due to drug or alcohol consumption, either voluntarily or involuntarily, or the individual is unconscious, asleep or otherwise unaware that the sexual activity is occurring. In addition, an
individual is incapacitated if he/she/they demonstrate that they are unaware of where they are, how they got there, or why or how they became engaged in a sexual interaction. Where alcohol is involved, incapacitation is a state beyond drunkenness or intoxication. Some indicators of incapacitation may include, but are not limited to, lack of control over physical movements, lack of awareness of circumstances or surroundings, or the inability to communicate for any reason. An individual may experience a blackout state in which he/she/they appear to be giving consent, but do not actually have conscious awareness or the ability to consent. It is especially important, therefore, that anyone engaging in sexual activity be aware of the other person’s level of intoxication. The relevant standard that will be applied is whether the Accused knew, or a sober reasonable person in the same position should have known, that the other party was incapacitated and therefore could not consent to the sexual activity.

**Sexual Assault Policy & Procedures**

*Policy*

Essex County College will not tolerate sexual assault in any form. According to current state and federal law, sexual assault includes all forcible and/or non-forcible sex offenses, including acquaintance rape.

7. In all instances of alleged sexual assault, the College shall respect the rights of the victim including the victim’s right to refuse to identify himself/herself or refuse help. Such refusal, however, does not relieve the College of the obligation to report the incident to the Campus Police.

Ways to Reduce Your Risk of Sexual Assault

Sexual abuse is a form of physical abuse. Any situation in which you are forced to participate in unwanted, unsafe, or degrading sexual activity is sexual abuse. Forced sex, even by a spouse or intimate partner with whom you also have consensual sex, is an act of aggression and violence. Furthermore, people whose partners abuse them physically and sexually are at a higher risk of being seriously injured or killed.

While you can never completely protect yourself from sexual assault, there are some things you can do to help reduce your risk of being assaulted.

• Be aware of your surroundings. Try to avoid isolated areas.
• Walk with purpose. Even if you don’t know where you are going, act like you do.
• Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
• Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
• Don’t allow yourself to be isolated with someone you do not trust or someone you don’t know.
• Avoid putting music headphones in both ears so that you can be more aware of your surroundings.

If someone is pressuring you, and you need to get out of an uncomfortable situation:

• Remember that being in this situation is not your fault.
• Don’t feel obligated to do anything you do not want to do.
• Have a code word with your friends or family so that you can call them and communicate your discomfort without the person you are with knowing.
• Try to think of an escape route. How would you get out of the room? Where are the doors? Windows?
The College Sexual Assault Response
If you or someone you know is a victim of sexual assault:

- You have the right to privacy. All information you share about the incident must and will be kept confidential. College officials cannot talk about your experiences without your permission. The Campus police has an obligation, however, under the Clery Act to report to the state only the date of the incident.
- You have the right to make decisions about who can be contacted and if and how any intervention will proceed. You have the option, or not, to notify and seek assistance from law enforcement and campus authorities. You have the option of seeking assistance from any of the services mentioned in this Policy.
- You have the right to institutional implementation of no-contact, restraining and protective orders.

Information about Megan’s Law can be obtained from the College Police Department.

Community Advisory
The Federal Campus Sex Crimes Prevention Act amends the Violent Crime Control and Law Enforcement Act of 1994 to require sex offenders who must register under state law to provide notice of enrollment and/or employment at any institution of higher education in the state where the offender resides and to provide notice of each change of enrollment or employment status at the institution of higher education. Also, the state of New Jersey has a statute requiring sex offender registration.

More information concerning registration of sex offenders can be obtained by accessing the New Jersey State Police website at www.njsp.org and using the link to the New Jersey Sex Offender Registration information.

Weapons on Campus

All state and federal statutes and local ordinances governing the possession of weapons and firearms, including imitation firearms, both legal and illegal apply on campus. The prohibition of weapons and firearms on the College’s campuses, are incorporated in the College’s Code of Student Conduct violations. Violators will be accountable through the criminal justice system in addition to code charges.

Under New Jersey statute, weapons include but are not limited to air guns, spring gun or pistol or similar in nature, in which the propelling force is ejecting a bullet or missile or other listed objects which may be used to cause harm to another as listed under New Jersey statute.

Further, under the statutes the following also applies: possession of a firearm in or upon his/her person, in any part of a building or grounds of the College without the written authorization of the governing officer of the institution is guilty of a crime of the third degree,
irrespective of whether he/she possesses a valid permit to carry the firearm or valid purchaser identification card.

**Shooting Incident**

If you witness any armed individual on campus at any time, immediately contact Campus Police 973-877-3312.

**If the shooter is outside the building:**

CALL POLICE 973-877-3312

- Turn off all lights and close windows and doors; where possible lock windows and doors.
- If you can do so safely, get everyone on the floor and out of the line of fire.
- Move to a more secure area of the building if safe and remain there until an ALL-CLEAR instruction is given by Police.
- Follow the direction of Police as you leave the building as they will direct you to a collection point. Keep your hands on your head or keep them in an open position in front of you.

**If the shooter is in the building:**

CALL POLICE 973-877-3312

- If it is possible to flee the area safely to avoid danger, do so. Do not attempt to flee if the shooter is between you and the exit. If you are unsure, do not attempt to flee.
- Get down on the floor or under a desk and remain silent.
- Turn off all lights and close windows and doors. If possible, lock windows and doors.

  - Do not pull the fire alarm, it will provide the shooter with more opportunities to cause harm.
  - If you encounter a police officer, place your hands on your head or in an open position in front of you. Follow their instructions.

**What to do if a shooter comes into the classroom or office:**

- There is no one procedure that can be recommended in this situation.
- Attempt to get the word out to other staff if possible and call 973-877-3312 if it seems practical.
- Use common sense. If hiding or flight is possible, remain quiet. Attempting to negotiate with the individual may be very dangerous.
- Attempting to overcome an individual in this situation with force should be the last resort and only be initiated in the most extreme circumstances. Remember, there may be more than one active shooter.
- Wait for the “ALL CLEAR” from Police.
- Be careful not to make any changes to the scene of the incident since law enforcement authorities will be investigating the scene later.
• In case you must flee, do not gather near the building. Get as far away from the shooting scene as possible and contact the Police Department.

Smoking Policy

Pursuant to N.J.S.A. 26:30, effective March 1, 1986, the state legislature found that the rights of non-smokers to breathe clean air supersede the rights of smokers.

Effective July 1, 2010, Essex County College Board of Trustees declared the College a SMOKE FREE CAMPUS; smoking is prohibited in ALL academic buildings and grounds on campus.

The Campus Police Department is charged with enforcing the smoking ban and all violators are subject to receiving a summons for violation of the policy.

Rules of Conduct

Essex County College students and staff come from a variety of places including other sections of New Jersey, as well as from other states and countries where laws and regulations vary.

While on campus, everyone is required to obey all applicable laws, including state, federal and municipal codes. Everyone is required to adhere to the College’s rules and regulations. The Campus Police will enforce all laws and regulations on campus. We hope you will help in contributing to the safety of the campus by following these guidelines.

Zero Tolerance for Harassment

Essex County College is committed to maintaining a diverse academic and working environment free of harassment based on an individual’s race, religion, color, national origin, ancestry, age, sex, sexual orientation, disability, and marital or veteran status.

The College takes harassment very seriously and requires that all students, faculty and staff adhere to the law and College policies aimed at preventing harassment and discrimination.

Harassment is defined as any conduct directed toward an individual or group based on one or more of the traits covered by the College’s Code of Conduct policy that creates an intimidating, offensive or hostile environment and is sufficiently severe or pervasive enough to alter an individual’s education or employment environment.
Discrimination can take many forms, although it usually contains an inappropriate use of power or control. If you feel that you are being harassed because of one of the traits noted above, you may contact any of the following for assistance:

1. Campus Police
2. Office of the Vice President for Academic Affairs
3. Any Dean or Department Chairperson
4. Student Services

Further Statement on Harassment, Intimidation and Bullying

Students are prohibited from engaging in harassment, intimidation or bullying if one engages in conduct, including any gestures, written or physical acts, or any electronic communications (which includes e-mails, text messages, and internet postings on websites or any other social media). Whether this is a single incident or a series of incidents that occurs on or off-campus, through the use of College facilities, that is so severe or pervasive and objectively offensive that it substantially disrupts or interferes with the normal operation of the College and the rights of any student or other members of the college community; and that:

1) involves intimidation or threats to another person's safety, rights of personal privacy and property, academic pursuits, College employment, or one that affects one’s participation in activities sponsored by the College or any organizations or group related to the College; or

2) a reasonable person should know, under the circumstances, will have the effect of insulting or demeaning any student or group of students; or

3) creates an intimidating or hostile environment by substantially interfering with a student’s education, or by materially impairing the academic pursuits, employment or participation of any person or group in the College community, or by severely or pervasively causing physical or emotional harm to the student or other member of the College community; or

4) a reasonable person should know, under the circumstances, will have the effect of physically or emotionally harming a student or other person or damaging the person’s property or placing him/her in reasonable fear of physical or emotional harm to his/her person, or to any member of that person's family or household, or of damage to his/her property

A student or employee will be found responsible for discriminatory harassment, intimidation or bullying who engages in conduct described above as “harassment, intimidation, or bullying” which the student directs at a specific group or individual, based upon race, creed,
color, national origin, ancestry, age, marital status, affectional or sexual orientation, familial status, disability, nationality, sex, gender identity or expression, or any other characteristic protected from discrimination by the New Jersey Law Against Discrimination, NJSA 10:5-4.

**Emergency Operation Planning**

The college has extensive emergency operation plan. The plan is updated in accordance with our needs. It includes management during hazardous weather conditions, fire and rescue, hazardous materials, infectious disease, evacuation and law enforcement. The College works closely with the Essex County Office of Emergency Management. The Incident Command System (ICS) is used in the management of our plans.

The College Emergency Management Plan has been modeled after the New Jersey Emergency Management Operational Plan, which conforms to the Federal Emergency Management Agency regulation. The College is continuously working with our local, county and state partners in efforts to identify areas where we can make improvements in our plan.

Under the College’s emergency management plan, the College President is responsible for declaring an emergency on campus and will do so based upon information received from the Emergency Management Coordinator for the campus who is the Chief of Police. An organizational chart reflects the overall responsibilities of each member on the emergency response operation team and the function of that team. The chart provides specific information on who is assigned to a task(s).

Although the plan is not available for public dissemination due to security reasons, any member of the public may contact us for further information.

**How the Incident Command System works**

The Incident Command System (ICS) structure is a flexible one that allows it to expand and contract as determined by the scope of the event. An example might be a fire with injuries. The initial command will rest with the responding police, who will turn over command to the fire department upon their arrival. The fire department will then turn over their command to EMS when the fire is under control for the care of the injured. The command may change again if the fire is considered to be suspicious in nature and be taken over by fire investigators. After that the command goes to those in charge with mitigating the site and returning campus back to its normal operation. Therein lays the plan and the all-hazards approach to disaster planning.

Campus wide notification regarding emergencies is issued via various means, including but not limited to text messaging, campus wide telephone messaging, College home web page and campus wide email. In order to receive text messaging students, faculty and staff must sign up with the College’s Emergency Notification System. This can be done by going onto the College’s main website and clicking on Emergency Notification System.
We have established an Emergency Procedures Guide to assist our community in preparing for most emergencies. This guide is available on the Police Department’s website.

**Emergency Notification**

The College President is responsible for declaring an emergency on campus and will do so based upon information received from the Emergency Management Coordinator for the campus who is the Chief of Police.

The College will initiate an emergency notification (active shooter, tornado or chemical spill) without delay and, taking into account the safety of the campus community, determine the content of the notification and initiate the notification system. That is, of course, unless a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency.

**Building Emergency**

Upon hearing the alarm and/or seeing a visual strobe light signal, **ALL PERSONS** shall assume that an emergency is in effect and must immediately evacuate the building from the nearest exit or where upon directed by the Campus Police, Fire Department or Administrator of the college.

When a fire alarm is activated, everyone must exit the building and remain 300 feet from the building until directed by the Police or Fire Department that it is safe for re-entry.

**Shelter-in-Place Procedures**

If an incident occurs and the building or areas around you become unstable, or if the air outside becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors as leaving the area may expose you to that danger.

If an incident occurs and the building you are in is not damaged, stay inside in an interior room until you are told it is safe to come out. If the building is damaged, take your personal belongings and follow the evacuation procedures for your building (use the stairs instead of elevators). Once you have evacuated, seek shelter at the nearest College building quickly. If the Campus Police or Fire Department is on the scene, follow their directions.

A shelter-in-place notification may come from several sources including the Campus Police or emergency responders.

**Notification to the Essex County College Community about Timely Warnings/Crime Alerts**

The purpose of a “Timely Warning” is to maintain, inform and provide awareness to the campus community.
In the event anyone has information regarding crimes on campus, they should immediately make notification to the Campus Police by phone at 973-877-3312, in person at Police Headquarters located in the rear of the Mega Structure building through the A-Lot.

All efforts will be made to release additional information as it becomes available and its validity is confirmed through law enforcement channels. The College community will be informed if the incident is resolved and no longer poses a threat to the College community.

We recommend that all students, faculty and staff program the Essex County College Police Department’s telephone number, 973-877-3312, into their cell phones.

In an effort to provide the College community with a timely warning in the event of a serious incident which may pose an on-going threat to the campus and its members, an email to all students will be sent out, a posting will be put on the Police Department’s website and the College’s telephone system. Alerts will be sent to all campus telephone exchanges. This will also apply to needed updates. Crime Alert posters may also be posted by the College Police in campus buildings when deemed necessary. When alerts are posted in campus buildings, they are printed on red paper and posted in the lobby/entrance area of the affected building(s) for seven days.

The Chief of Police or designee reviews all reports to determine if there is an on-going threat to the community and if the distribution of a crime alert is warranted.

**What is the most prevalent crime on campus?**

As with most College campuses, property crimes are the most prevalent crimes reported annually.

Why? Personal valuables (books, calculators, laptops, backpacks, etc.) are left unattended, left in unlocked vehicles, or left in sight in parked vehicles.

We cannot stress enough that each and every member of our community must take responsibility for their personal property and follow the safety suggestions noted above.

**Daily Crime Log/ Police Blotter**

A crime log is available for review 24 hours a day in the Essex County College Police Headquarters. The information the incident type, time occurred, date of report, general location, brief description and disposition.

**Notice**

According to federal law, an institution may withhold any of the required fields of entry, i.e. the nature, date, time, location and/or disposition if any of the following conditions apply:
The disclosure is prohibited by law
The disclosure would jeopardize the confidentiality of the victim
The disclosure would jeopardize an on-going investigation or the safety of an individual
The disclosure would cause a suspect to flee or evade detection
The disclosure would result in the destruction of evidence.

Understanding the Statistics Report

Note: The Campus Police Department submits a Uniform Crime Report (UCR) monthly to the New Jersey State Police Uniform Crime Unit, regarding the reporting of crimes occurring on campus.

Note: Individual statistics for Rape, Fondling, Incest and Statutory Rape were not collected prior to the 2016 data collection. Prior to the 2016 collection, Rape and Fondling statistics were combined under Sex offenses – Forcible, and Incest and Statutory Rape statistics were combined under Sex Offenses – Nonforcible. As of the 2016 data collection, statistics for Sex offenses – Forcible and Sex offenses – Nonforcible were no longer collected.

Therefore, in order to maintain the best possible safety for all, the Essex County College Police Department strictly enforces all motor vehicle traffic and parking laws of the State of New Jersey and the regulations of Essex County College.

• Remember it’s the law – drivers must stop for pedestrians in crosswalks.  
• Students may park in white-lined spaces only.  
• Report all motor vehicle accidents to the Campus Police.  
• Students with State handicapped plates or placards will be able to park in designated parking areas/spaces for persons with disabilities. The placard must be displayed so they are readily visible. All drivers must show State I.D. cards upon request by police officers.
To avoid traffic congestion to and on campus, allow yourself plenty of time for your commute especially during morning and early evening hours. These times are when many classes commence and when the influx of traffic occurs.

The information below provides context for crime statistics reported as part of compliance with the Clery Act.

NOTE: The statistics found in this report represent alleged criminal offenses reported to the Campus Police Department. Therefore, the data collected does not necessarily reflect prosecutions or convictions for crimes. As some statistics are provided by non-police authorities, this data is not directly comparable to data from the F.B.I.’s Uniform Crime Reporting system which only collects statistics from police authorities.

**Crime Definitions:** The following are the definitions of the crimes captured in the Annual Security Report

**Murder and Non-Negligent Manslaughter:** The willful (non-negligent) killing of one human being by another.

**Negligent Manslaughter:** The killing of another person through gross negligence.

**Sexual Offenses:**

**Rape:** The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral presentation by a sex organ of another person, without the consent of the victim.
**Fondling:** The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary mental incapacity.

**Incest:** Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

**Statutory Rape:** Sexual intercourse with a person who is under the statutory age of consent.

**Consent:** Consent must be clear, verbal, sober, and affirmative. Consent must be obtained for each and every sexual activity to constitute effective consent. Consensual activity requires a mutual decision of both parties without any hint of force, threat, coercion, pressure, fraud, manipulation or fear of injury. Consent cannot be given if the victim is mentally or physically incapacitated due to alcohol and/or other drugs or due to a temporary or permanent mental or physical condition. Silence, passivity or the lack of active resistance is not consent. Previous sexual activity does not equal current consent. Consent to one form of sexual activity does not equal consent to other forms of sexual activity. Consent can be withdrawn at any point.

**Retaliation:** Intimidating, threatening, coercing, or in any way discriminating against an individual because of the individual’s formal or informal complaint or participation in a college investigation or proceedings related to sexual violence or assault.

**Robbery:** The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force, or threat of force or violence, and/or by putting the victim in fear.

**Aggravated Assault:** An unlawful attack by one person upon another person for the purpose of inflicting severe or aggravated bodily injury. This type of assault is usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm. It is not necessary for an injury to result when a gun, knife or other weapon is used in the commission of the crime.

**Burglary:** The unlawful entry of a structure to commit a felony or a theft. For reporting purposes this definition includes unlawful entry with intent to commit a larceny or felony;
breaking and entering with the intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.

**Motor Vehicle Theft:** The theft or attempted theft of a motor vehicle. (Classified as motor vehicle theft are all cases where automobiles are taken by persons not having lawful access even though the vehicles are later abandoned, including joyriding.)

**Arson:** Any unlawful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling, house, public building, motor vehicle or aircraft, personal property of another, etc.

**Domestic Violence:** Violence committed by current or former spouse or intimate partner of the victim, by person whom the victim shares a child, by person cohabitating or formally cohabitating with victim, by person situation as domestic partner, under law.

**Dating Violence:** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim where the relationship is determined by consideration of length of relationship, type of relationship and frequency of interaction.

**Stalking:** Course of conduct directed at a specific person that would cause a reasonable person to fear for safety of self or others or suffer substantial emotional distress.

**Liquor Law Violation:** The violation of laws or ordinances prohibiting: the manufacture, sale, transporting, furnishing, possessing of intoxicating liquor; maintaining a unlawful drinking place; bootlegging; operating a still, furnishing liquor to a minor or intemperate person; using a vehicle for illegal transportation of liquor; drinking on a train or public conveyance; or any attempts to commit any foregoing violation. **Note:** This list does not include public drunkenness and driving under the influence.

**Drug Violation:** Violation of state and local laws related to possession, sale, use, growing, manufacturing, and making of narcotic drugs. The relevant substances include opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics (Demerol, methadone(s); and dangerous non-narcotic drugs (barbiturates, Benzedrine).

**Weapons Violation:** The violation of laws or ordinances regulating weapons.

**Disciplinary Referrals:** Incidents in which a student was not arrested but was referred for College disciplinary action for liquor law violations, drug law violations, and illegal weapons possession.

**Definitions of crime categories for Hate Crimes**

**Larceny** is defined as the unlawful taking, carrying, leading, or riding away of property from possession or constructive possession of another.
Simple Assault is defined as an unlawful attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.

Intimidation is defined as to unlawfully placing another person in reasonable fear of bodily harm through the use of threatening words and/or other contact, but without displaying a weapon or subjecting the victim to actual physical attack.

Vandalism is to willfully or maliciously destroy, injure, disfigure, or deface any public or private property, real or personal, without the consent of the owner or person having custody or control by cutting, tearing, breaking, marking, painting, drawing, covering with filth, or any other such means as may be specified by local law.

Location Definitions

Campus: Any building or property owned or controlled by the institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes including residence halls and building or property that is within, or reasonably contiguous, to the area identified in this paragraph, that is owned by the institution but controlled by another person, is frequently used by students and supports institutional purposes (such as a food or other retail vendors).

Non-Campus: Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

Public Property: “Public Property” is defined by the Clery Act regulations as all public property including thoroughfares, streets, sidewalks, and parking facilities that are within the campus, or immediately adjacent to and accessible from the campus including the sidewalk across the street from the campus, but does not include public property beyond the sidewalk.

HOW WE PREPARE AND HOW TO READ OUR ANNUAL CAMPUS SECURITY REPORT

The preparation of the annual campus security report is an on-going process. Every effort is made to ensure that the report is complete, accurate and in compliance with the law. This process includes the gathering of crime statistics from individuals who have been identified on our campus as having significant responsibility for students and campus activities and with local law enforcement agencies that have jurisdiction in the areas that affect the College.

Note: Individuals who have significant responsibilities for students and campus activities are defined by the United States Department of Education as “Campus Security Authorities.”
These may include faculty, staff, advisors to student organizations, athletic coaches, department deans and chairpersons, student activities staff, directors and others. Exempt are professional counselors who are functioning within the scope of his/her license.

Campus Security Authority individuals have the responsibility to advise and report if any person reveals to them that he/she is a victim of, the perpetrator of, or a witness to, any crime listed in the reporting categories of this report.

Campus Security Authority individuals are not charged with investigating a reported crime, only reporting it. It is the job of law enforcement to investigate a crime.

Portions are also provided in compliance with federal law, specifically the Higher Education Opportunity Act (HEOA) and the Clery Act. No campus is free of crime. Essex County College has been fortunate in experiencing few serious crimes, but since such incidents could occur, every crime is considered serious not only to the victim but to the College community and the Campus Police Department as well. However, students, faculty and staff are responsible for adopting measures to protect themselves and their possessions.

CAMPUS MAPS
2019 Annual Fire Safety Report

If a fire occurs anywhere on Essex County College campuses, individuals should immediately notify the Campus Police Department at 973-877-3312 or 973-877-3135, or using one of the yellow emergency phones. The Campus Police will initiate an on campus response and contact the local fire department if warranted. If a member of the college community finds evidence of a fire that has been extinguished, and the person is not sure whether Campus Police has already responded, the community member should immediately notify Campus Police to investigate and document the incident.

For purposes of including a fire in the statistics in the annual report, students and employees should report that a fire has occurred to the Campus Police. The campus fire alarm systems alert the college community of potentially dangerous situations. The college community is required to heed an activated fire alarm system, and evacuate a building immediately. Use the nearest available exit to evacuate the building. Gather outside designated assembly point and follow the direction of the Campus Police, and Department of Public Safety officials. College community members should familiarize themselves with the exits in each building.

When a fire alarm is activated, the elevators in most buildings will automatically recall to a pre-designated fire safe floor. Occupants should use the stairs to evacuate the building. If you are caught in the elevator, push the emergency button or contact Campus Security.

Fire Safety is reviewed at all student and employee orientations and during fire drills.
A. Evacuation Procedures for Students and Employees in the Event of a Fire

Don’t panic. In the event of a fire, find nearest pull station and sound the alarm. Contact the Campus Police Department immediately. Remember to shut all doors and windows in the vicinity of the fire. If the fire is small, use a fire extinguisher to put it out. Exit the building using the nearest safe hallway or stairway. Do not use the elevators. Do not run.

If there is smoke in the room, keep low to the floor and find the exit. Check to determine if the doorknob is hot. If it is hot, do not open the door. If the doorknob is not hot, brace yourself against the door and crack it open. If there is heat or heavy smoke, close the door and stay in your room. Seal up the cracks under the door with sheets or towels.

If there is smoke in the room, crack the windows at the bottom and at the top to allow for ventilation. Hang a sheet or towel from the window to announce that you are in your room. Contact the Campus Police Department. Be sure to give your room number and your location.

If you can exit the room, take your valuables and coat with you if necessary. If smoke is evident, get a wet towel to cover your face. Close all doors. If in exiting the building you are blocked by fire, go to the safest fire free area, or stairwell. If a phone is not available, find a window and signal that you are still in the building.

B. Fire Protection Equipment/Systems

All buildings are equipped with automatic fire detection and alarm systems which are monitored by the Campus Police Department dispatcher, 24 hours a day, 365 days a year.

C. Emergency Response and Evacuation Testing Procedures/Fire Safety Education

An evacuation (fire) drill is coordinated by the Campus Police Department at least once each year for all facilities with fire alarm systems on campuses. Students and employees learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. Campus Police do not inform students in advance about evacuations. The Campus Police will communicate information to students regarding the developing situation or any evacuation changes. The purpose of evacuation drills is to prepare building occupants for an organized evacuation in the case of a fire or other emergency.

At Essex County College, evacuation drills are used as a way to educate and train occupants on fire safety issues specific to their building. During the drill, occupants ‘practice’ drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the college an opportunity to test the operation of fire alarm system components.
Evacuation drills are monitored by the Campus Police and Security staff to evaluate egress and behavioral patterns. Students receive information about evacuation and shelter-in-place procedures during the evacuation and during other educational sessions that they can participate in throughout the year. All students and employees receive fire safety education during orientations.

D. Plans for Future Improvements in Fire Safety

The College continues to assess and upgrade fire safety equipment as an ongoing process to ensure that all equipment meets National Fire Safety standards. Future improvements will be made as part of the ongoing assessment process. The fire alarms, sprinkler systems, and fire extinguishers are inspected annually and recommended repairs and upgrades are made.

E. Portable Electrical Appliances

Coffee pots, corn poppers, and other cooking devices with self-contained, thermostatically controlled heating elements must be used with extreme care. Immersion coils, hot plates, appliances with open coils or burners, and any non-thermostatically controlled appliances are not permitted in student housing building/s, and will be subject to confiscation. Only equipment that has been tested as safe (UL or Factory of Mutual Approval) and is in good repair should be used.

F. Smoking

The use of all tobacco products is prohibited within the boundaries of all Essex County College campuses. Tobacco use includes any lighted tobacco product and/or any oral tobacco product. The prohibited areas within each of the campuses boundaries include all buildings, facilities, indoor and outdoor spaces and grounds owned, rented and licensed by the university. This policy also applies to parking lots, walkways, sidewalks, sports venues, university vehicles and private vehicles parked or operated on university property.

G. Open Flames

No open fires are permitted anywhere on campus at any time. These items include but are not limited to portable stoves, kerosene lamps, cut trees, and incense and candles. Possession of hibachis, barbecue grills, smokers, potpourri burning units or other fire-starting devices is prohibited without prior approval from the Campus Police Department. Violators are subject to judicial action and criminal prosecution.
