UNUSUAL ENROLLMENT  
HISTORY FORM**

From your filing the *Free Application for Federal Student Aid (FAFSA®)*, the US Department of Education's central processor has indicated an unusual enrollment history for you. The US Department of Education's Unusual Enrollment History review requirements are intended to address possible fraud and abuse in the Title IV federal student financial aid programs, as they are concerned about specific enrollment pattern(s) such as where the student attends an institution long enough to receive Title IV federal student aid credit balance funds, leaves without completing the enrollment period, enrolls at another institution, and repeats the pattern of remaining just long enough to collect another Title IV federal student aid credit balance without having earned any academic credit.

Some students who have an unusual enrollment history have legitimate reasons for enrollment at multiple institutions. Such an enrollment history, however, requires a review by our office to determine whether there are valid reasons for the unusual enrollment history. Resolution of a UEH review process is separate and distinct from verification requirements/processes.

The award years monitored for unusual enrollment are the four award years preceding the current FAFSA® award year.

**COLLEGES/UNIVERSITIES ATTENDED**

- Please list all colleges or universities that you attended for the specific academic year listed. If you attended multiple colleges/universities in an indicated academic year, attach an additional page listing those colleges/universities attended and include your name and ECC ID at the top of each page.
- Please list all colleges/universities even if you withdrew during the semester.
- Attach an unofficial academic transcript for each college attended unless we specifically ask for an official academic transcript.
- ***Any omission of colleges/universities attended previous to Essex County College will result in summary denial of your request for Federal student aid consideration.***
