# ALTERNATE ROUTE TO TEACHING

NEW

## 2-year NJ Alternate Route Teacher Preparation Licensure Program

Is teaching a field you have always imagined for yourself? Was becoming a teacher a dream that you deferred for any number of reasons? Can you see yourself in a classroom shaping the lives of our future generation? If you have a bachelor's degree or higher you could be the perfect candidate for the **New Alternate Route Teacher Preparation Licensure Program**.

The Essex County College teacher preparation program is a rigorous, comprehensive, hands-on hybrid, two-year non-traditional teacher training program approved by the New Jersey Department of Education (NJDOE). This program is designed to attract those who are passionate about becoming a licensed Elementary K-6 teacher in the public, charter, parochial, or private school sector. Our immersive 400-hour non-credit, hours-based program allows prospective teachers to work in the classroom, as the teacher of record while completing the 2-year program at an affordable cost.

Admission is open to anyone who has a Bachelor's degree or higher from an accredited college or university with a G.P.A. of 3.0 or higher for graduates after September 2016 or G.P.A. of 2.75 if graduation occurred prior to September 2016. We have two options.

### Phase 1:

The Elementary K-6 teacher endorsement program begins with the Pre-Service **50 Hour Introduction to the Teaching Profession course**. Topics covered to prepare the novice teacher to enter the classroom include:

- *an overview of the teaching profession*
- *characteristics of an effective teacher*
- *classroom management*
- *lesson planning*
- *classroom diversities*
- *technology integration across the curriculum*

The 50 Hour Intro to Teaching course is a mandatory component, in conjunction with the appropriate Praxis exams, to earn a **Certificate of Eligibility (CE)** from the NJDOE. This CE allows prospective teachers to be hired in school districts.

### Phase 2:

Upon a prospective teacher earning a CE and being hired by a school district, they are able to enroll into our 350-hour licensure program. For the next 2 years the novice teachers will be working in Elementary K-6 classrooms under district contracts, being mentored by an on-site master teacher, while taking classes in subject area pedagogy, methodology and learning strategies to become effective classroom teachers. The program includes 90 hours of special education course work. At the end of 2 years you will become a fully certified teacher in the State of New Jersey.

Our program faculty is composed of current school district administrators ranging from school principals to district superintendents, who are passionate and deeply committed to insuring that only the most highly trained educators enter our New Jersey classrooms to teach.

## English as a Second Language (ESL) for Adults

Are you interested in improving your English skills? This series focuses on developing a student's listening, comprehension, writing and speaking skills in English. Start enhancing your employment opportunities and the ability to continue on to higher education by improving your English skills today. **Prerequisite:** Pre-Assessment and Advisement.

Student's schedule will be determined by the pre-test result and an advisement session; after which the student will be placed into one of the following courses:

### ESL Literacy—ESLN 710

This course is for those who cannot speak or understand English, having no reading or writing skills and can communicate only through gestures or a few isolated English words. Focus will be placed on developing a student's basic skills in the areas of listening, comprehension, writing and speaking the English language.

### ESL Beginning—ESLN 714

This course is designed to assist students who understand and write frequently used words in context and simple phrases and/or sentences. In addition to increasing a student's understanding of fundamental skills, the focus of this course is placed on developing a student's ability to write simple paragraphs, read and comprehend short passages and/or articles, verbalize basic everyday information, and enhance their listening capabilities.

### ESL Pre-Intermediate

This course is designed for students to learn basic phrases and expression, understand simple written English, and generally be able to interact with English speakers, and be able to communicate. This requires a certain knowledge of grammar. In the pre-intermediate lesson plans students will be taught grammar including tenses, verbs, adjectives, adverbs, prepositions and more.

### ESL Intermediate—ESLN 718

This course addresses the individual who is able to read and understand familiar subjects, can communicate basic survival and social needs, write simple paragraphs and complete basic forms and job applications. Focus will be placed on broadening vocabulary skills, developing listening and speaking skills, enhancing writing techniques and improving reading comprehension.

### ESL Advanced—ESLN 722

This course is designed for the individual who is able to converse on many everyday subjects, read and write simple descriptions, short essays and narratives on familiar topics, have consistent use of basic punctuation and are able to function independently to meet most survival needs. The aim is to prepare students for career advancement and/or post-secondary academic studies. Therefore, the curriculum is designed to assist students in understanding and participating effectively in face-to-face conversations; reading authentic materials on everyday subjects, and writing multi-paragraph essays with a clear introduction and development of ideas with minimum grammatical errors.

## Senior Citizen Registration

Senior Citizens (60 years of age or over) who are residents of Essex County have the following registration options available to them:

### Option 1: Tuition and Fees Waived

No charge to Essex County residents. Seniors registering through waiver will be notified three days before class begins if their registration has been accepted. All seniors MUST meet the prerequisite requirements specified for any course and Certificate Program, prior to registration. Courses cannot be taken simultaneously at various locations. **Only one course can be taken at one location per semester.**

### Option 2: Payment of Tuition & Fees

Senior Citizens can ensure a seat in a class by paying the regular tuition. Senior Citizens can no longer be eligible for tuition waiver for this course once payment is received.

### Option 3: Courses for Seniors Only

Senior Citizens can enroll in courses specifically for Seniors at no cost. In order to respond to a high demand for these courses and accommodate our Senior students in a fair manner, those Seniors who have taken Senior-only courses during the previous Fall 2022 and Spring 2023 semesters are not eligible to repeat them during the Fall 2023 and Spring 2024 semesters, unless there is space available for repeat students in the current program year.
