Instruction of all
 Uniform
 Construction Code
 Courses are taught by
 State-Certified
 Professionals in the field
 of Code Enforcement.

The New Jersey State Uniform Construction Code requires candidates for licensure to complete specified educational programs. Licensing requirements are based on a combination of education, experience and tests. Regulations for the Uniform Construction Code (NJAC 5:23-5.1(d)) have been adopted by the NJ Department of Community Affairs to ensure public safety, health and welfare insofar as they are affected by building construction. In order for the code to be enforced adequately and effectively, it has been determined that code officials need to have sufficient knowledge and competence to administer and interpret the code's standards. This is best achieved through the creation of an education and training program and the development of licensing requirements.

****Upon successful completion you may be eligible to receive a reimbursement decided on by the NJDCA.**

Course	Course Name	CRN#	Day	Cost	Dates	Time
UCC 109 CWC	Subcode Official (3 credits)	21642	T	\$514.50	9/1-12/15	06:00 pm - 08:40 pm
